Good reasons to manage your project!

Projects and  
Chartering

At **Agencias Navieras Rannik** we offer ship charter services for the transport of solid and liquid bulk cargo, general industrial cargo (steel, wood, cement, fertilizers, etc.), self propelled equipment and **Out of Gauge (OOG)** and **Heavy Lift cargo (HL)** for the development of projects, both in the Dominican Republic and internationally.

Our Charter and Projects Department has a team of professionals from the maritime sector with vast experience in the management and search for cost-effective solutions for the transport of special cargo, as well as in the negotiations for the hiring of vessels under the **Voyage Charter, Time Charter and Contract of Affreightment.**

We have a wide network of ship owners in Europe, the United States, Asia and South America, to offer a guaranteed quality service.

#### MAIN MARITIME PROJECTS

- Project of the Japanese Peace Mission in Haiti: shipment of military and heavy equipment from Port-au-Prince to Rio Haina, and re-shipment to Japan.
- Punta Cana airport expansion project: shipment of equipment for the passenger terminal, from Houston to La Romana.
- Fuel distribution project in the Caribbean.
- Charter of a tanker in Time Charter for 6 months.
- Shipment of heavy equipment.
