P.O. Box 86, P.C. 103, Al Khuwair  
Muscat, Sultanate of Oman

## A Letter of Commitment & Vision

At Al Amana International Logistics LLC, we believe logistics is more than transportation — it is the foundation of global trade, industrial growth, and business continuity.

As an Omani company with a global outlook, we are committed to delivering reliable, efficient, and customer-focused logistics solutions across sea, air, land, and project cargo sectors.

Our mission is to connect Oman to the world through strategic partnerships, operational excellence, and innovative supply chain solutions that create long-term value for our clients.

**“We do not simply move cargo — we move businesses forward.”**

**Mr. Nishanth Menon**

CEO & Managing Director

Al Amana International Logistics LLC

### OUR CORE VALUES

#### *Integrity*

We act with honesty and transparency in every decision we make.

#### *Reliability*

We deliver what we promise — on time, every time, without exception.

#### *Excellence*

We set the highest standards and continuously raise the bar.

#### *Partnership*

We grow together — your success is our greatest achievement.

## About Us

### MISSION

To deliver world-class logistics solutions through excellence in execution, commitment to our people and customers, and a relentless focus on quality, reliability, and performance.

### VISION

To become the most trusted and performance-driven logistics partner, delivering seamless global supply chain solutions with integrity, innovation, and operational excellence.

Al Amana International Logistics LLC is a leading Oman-based integrated logistics and freight forwarding company delivering end-to-end supply chain solutions across global markets.

Strategically headquartered in the Sultanate of Oman, we leverage world-class port infrastructure, regional connectivity, and international trade access to provide seamless and cost-effective logistics solutions.

Through our strong network of partners and agents, we ensure reliable transportation, customs clearance, warehousing, and distribution services tailored to meet the unique needs of diverse industries.

WHY OMAN?

# Strategic Advantage

1

## Strategic Location

Gateway between East & West with direct access to GCC, Asia & Africa — perfectly positioned for global trade.

2

## World-Class Ports

Sohar, Duqm & Salalah offer modern infrastructure and unmatched logistical efficiency for all cargo types.

3

## GCC Connectivity

Excellent road and rail network with proximity to all major GCC markets — seamless regional distribution.

4

## Ease of Doing Business

Investor-friendly policies, streamlined trade regulations, and strong government support for logistics operators.

5

## Skilled Workforce

Experienced, multilingual, and customer-focused logistics talent trained to global service standards.

6

## Stable Economy

Politically stable nation with transparent regulations and consistent year-on-year economic growth.

*Oman: The Strategic Crossroads of Global Trade*

OUR SERVICES

# End-to-End Logistics Solutions

## Sea Freight

### FCL & LCL Solutions

Full Container Load & Less-than-Container Load shipments across all major global routes with competitive rates.

## Air Freight

### Fast & Secure Delivery

Express and standard air freight solutions ensuring time-critical cargo reaches its destination safely and on time.

## Land Transport

### Oman & GCC Coverage

Comprehensive road transport across Oman and GCC with GPS-enabled fleet for real-time tracking.

## Project Cargo

### ODC & Heavy Lift

Handling complex, over-dimensional shipments with end-to-end engineering, lashing, and logistics support.

## Customs Clearance

### Fast & Compliant

Smooth import/export clearance with full compliance to Oman and international regulations.

## Warehousing

### Secure & Efficient

Bonded and non-bonded storage with WMS inventory management, pick-pack, and last-mile delivery.

## Supply Chain Mgmt

### Total Visibility

End-to-end supply chain management with real-time visibility and continuous optimization.

## Cargo Insurance

### Full Protection

Comprehensive cargo insurance coverage to protect your valuable shipments worldwide.

***One Partner. Endless Possibilities. We handle every step of your supply chain.***

# FCL & LCL Solutions

We provide reliable and cost-effective ocean freight for Full Container Load (FCL) and Less-than-Container Load (LCL) shipments to all major global destinations via premium carrier partnerships.

## **FCL & LCL Services –**

Full and partial container options for every cargo size and budget requirement.

## **Competitive Ocean Freight Rates –**

Rate benchmarking and volume agreements to minimize your freight costs.

## **Project & Out of Gauge Cargo –**

Heavy-lift and ODC ocean transport with engineering support.

## **Global Carrier Network –**

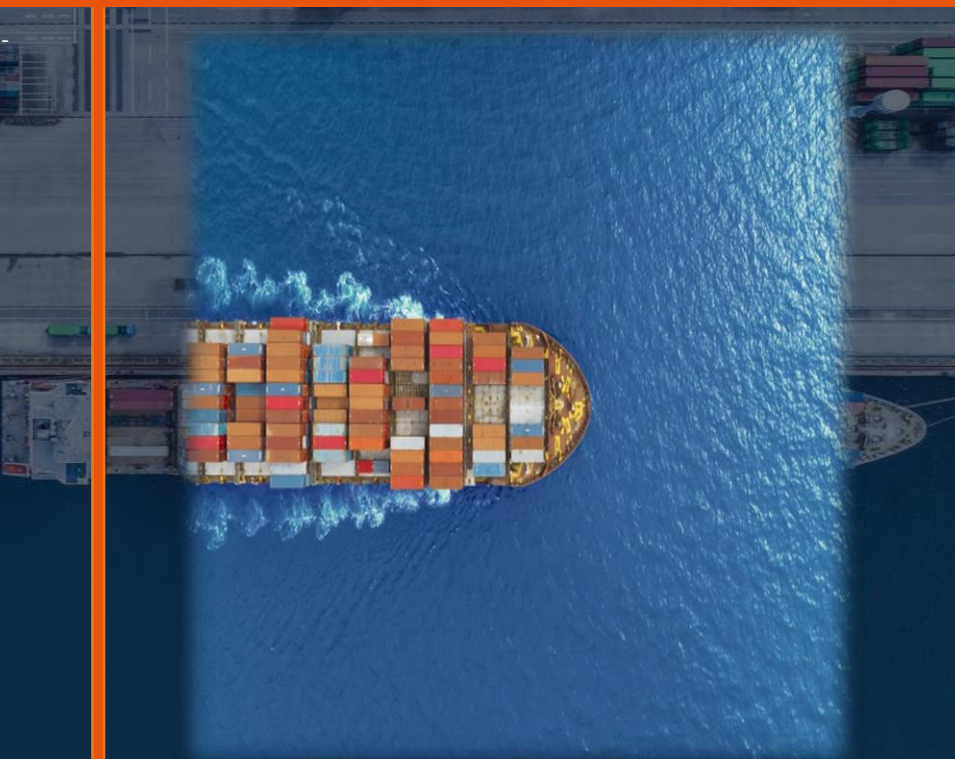

Partnerships with top-tier shipping lines for best routes and competitive rates.

## **Breakbulk & RoRo Services –**

Specialized handling for vehicles, machinery, and non-containerized cargo.

## **Real-time Tracking & Updates –**

Live visibility on all shipments from port of loading to destination.

**Global Coverage · Major ports worldwide**

**Reliable Partner · Top shipping lines**

**Cost Optimized · Best value for cargo**

AIR FREIGHT

# Fast & Secure Global Delivery

When speed matters, our air freight solutions ensure your cargo reaches its destination safely and on time. We work with major airlines worldwide for express and standard services.

## **Consolidation Services –**

LCL air consolidation for cost-effective small shipments worldwide.

## **DG, Perishable & Pharma Cargo –**

Dangerous goods, cold chain, and pharmaceutical air handling expertise.

## **Real-time Tracking & Monitoring –**

Live AWB tracking with proactive exception management and reporting.

## **Door-to-Door Delivery –**

Complete air freight solution from pickup to final delivery.

## **Express & Standard Air Freight –**

Time-definite options from next-flight-out to economical deferred services.

## **Charter Services for Urgent Shipments –**

Full aircraft charter for oversized, time-critical, or confidential cargo.

Global Reach · Major airports

Fast Transit · Urgent shipments

Secure Handling · Highest standards

# Oman & GCC Transport Coverage

We offer comprehensive road transportation services across Oman and the GCC with a modern fleet and experienced drivers. From standard deliveries to specialized heavy transport.

## **Full & Part Truck Load (FTL/LTL) –**

Efficient load optimization for all cargo sizes across Oman and GCC.

## **Cross-Border GCC Transportation –**

Seamless cross-border transport with pre-cleared documentation.

## **Door-to-Door Delivery –**

Complete first and last-mile delivery solutions throughout Oman.

## **Flatbed, Lowbed & Multi-axle Trailers –**

Specialized trailers for heavy, wide, or tall cargo movements.

## **Oil & Gas & Industrial Transport –**

HSE-compliant vehicles for hazmat, chemicals, and industrial goods.

## **GPS-Enabled Fleet for Real-time Tracking –**

Full visibility on every vehicle with live status and ETA updates.

**GCC Network · Oman to GCC & Beyond**

**Modern Fleet · Well maintained**

**Safe Delivery · On time, every time**

## QHSE, Lashing and Securing

We maintain the highest standards of Quality, Health, Safety and Environment (QHSE) across all transportation and logistics operations. Our trained teams ensure every shipment is properly secured, compliant, and delivered safely throughout Oman and the GCC.

**QHSE Management System** – Strict operational procedures, risk assessments, safety audits, and continuous improvement programs.

**Qualified & Certified Personnel** – Trained drivers, riggers, supervisors, and logistics teams following industry best practices.

**Heavy & Oversized Cargo Handling** – Secure transportation of machinery, industrial equipment, project cargo, and specialized loads.

**Pre-Trip Safety Inspections** – Comprehensive vehicle, trailer, and cargo inspections before every journey.

**Compliance with GCC & International Standards** – Operations aligned with transport regulations, HSE requirements, and customer-specific standards

**Load Distribution & Stability Control** – Proper weight distribution to prevent shifting, tipping, or load imbalance during transit.

**Incident Prevention & Emergency Preparedness** – Proactive safety measures, emergency response procedures, and continuous driver awareness programs.

**Cargo Lashing & Securing Standards** – Professional use of ratchet straps, chains, binders, edge protectors, and anti-slip materials.

INDUSTRIES WE SERVE

# Specialized Solutions for Every Industry

## OIL & GAS

OPAL logistics, rig supplies, hazmat, OCTG, project cargo, supply base operations.

## HEALTHCARE & PHARMA

GDP cold chain, controlled substances, clinical trials, medical device import/export.

## AUTOMOTIVE

RoRo, FVL, spare parts, OEM inbound, bonded storage, dealer delivery programs.

## ENERGY & POWER

Turbines, transformers, renewable energy, LNG plant, grid infrastructure.

## CONSTRUCTION & EPC

Heavy machinery, structural steel, bulk materials, turnkey site logistics.

## INDUSTRIAL & MFG.

Raw material inbound, finished goods export, plant logistics, factory supply.

## FMCG & RETAIL

High-volume distribution, temperature-controlled, JIT delivery, DC management.

## MINING & METALS

Mining equipment, explosives logistics, bulk ore, mineral export supply chains.

*Customized logistics solutions tailored to meet the unique needs of every industry.*

INDUSTRY SOLUTIONS — OIL & GAS

# Specialist Logistics for the Energy Sector

Al Amana delivers end-to-end logistics solutions for oil & gas operators, EPC contractors, and energy companies operating across Oman and the GCC. From rig supplies to OCTG tubulars, we handle the full spectrum of upstream, midstream, and downstream logistics.

## **Rig Mobilization & Demob –**

Complete logistics coordination for drilling rig setup, equipment staging, and demobilization across onshore/offshore sites.

## **Oilfield Equipment Import/Export –**

Customs clearance, HS code classification, and duty optimization for all oilfield machinery and spare parts.

## **Supply Base & Port Operations –**

Dedicated supply base management, lay-down yard coordination, and offshore supply vessel logistics support.

## **Hazmat & DG Cargo Management –**

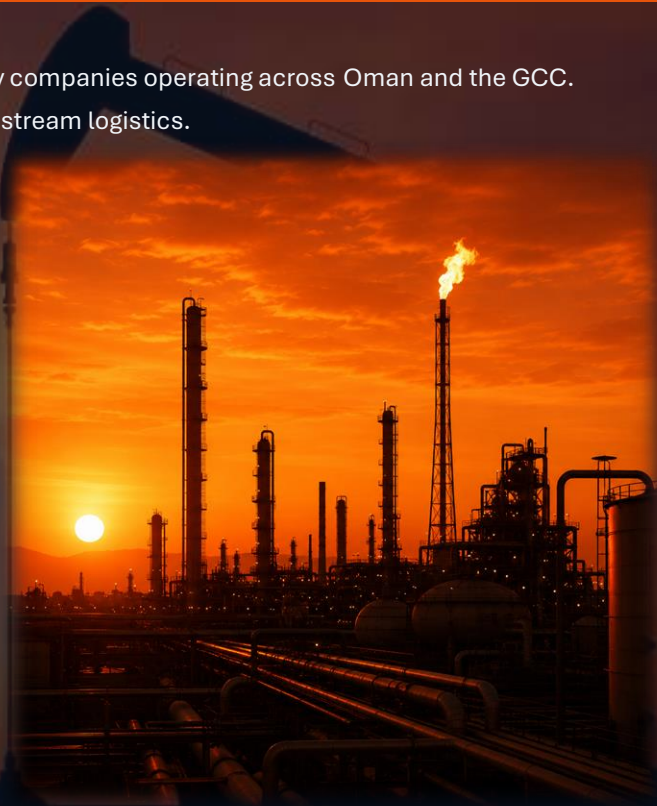

UN-certified handling of Class 1–9 dangerous goods, including chemicals, explosives, and radioactive materials.

## **Project Cargo — Modules & Skids –**

Heavy-lift and wide-load transport for process modules, pressure vessels, heat exchangers, and compressor skids.

## **OCTG & Steel Tubular Transport –**

Safe handling and transport of Oil Country Tubular Goods with protective measures to prevent thread and pipe damage.

**HSE COMPLIANT · CERTIFIED HANDLERS · 24/7 OPERATIONS · OMAN & GCC COVERAGE**

INDUSTRY SOLUTIONS — HEALTHCARE & PHARMACEUTICALS

# GDP-Compliant Cold Chain & Medical Logistics

We provide highly specialized logistics solutions for pharmaceutical manufacturers, hospitals, medical distributors, and healthcare organizations — ensuring product integrity, regulatory compliance, and cold-chain continuity from origin to patient.

## **GDP-Compliant Cold Chain Logistics –**

End-to-end temperature-controlled transport (2–8°C, 15–25°C, frozen) with validated packaging, data loggers, and qualified vehicles.

## **Medical Device Import/Export –**

End-to-end customs clearance for Class I-III medical devices with MoH compliance support and SFDA/MoH permits.

## **Hospital & Clinic Supply Chain –**

Scheduled delivery programs for medical consumables, PPE, surgical supplies, and laboratory reagents across Oman.

## **Pharmaceutical Air Freight –**

Priority routing with passive/active container solutions for vaccines, biologics, clinical trials, and time-sensitive medicines.

## **Clinical Trial Logistics –**

Investigational medicinal product (IMP) logistics with site-to-site distribution, returns management, and regulatory documentation.

## **Controlled Substance Handling –**

Licensed handling of narcotics, psychotropics, and controlled substances with full security chain-of-custody documentation.

**GDP CERTIFIED · TEMPERATURE VALIDATED · REGULATORY COMPLIANT · CHAIN OF CUSTODY SECURED**

INDUSTRY SOLUTIONS — AUTOMOTIVE

# Precision Logistics for the Automotive Industry

From vehicle importers and OEM dealers to spare parts distributors and assembly plants, Al Amana provides precision automotive logistics solutions that ensure the right parts and vehicles arrive at the right place, at the right time — with zero damage.

## **Roll-on/Roll-off (RoRo) Shipping —**

Specialized RoRo vessel booking for vehicle import/export — cars, trucks, buses, and heavy equipment — with port handling and PDI coordination.

## **OEM & Tier-1 Supplier Inbound —**

Factory inbound logistics for assembly plants — sequencing, kitting, line-side delivery, and supplier consolidation.

## **Vehicle Damage & Claims Management —**

Pre-loading and post-delivery condition reporting with photographic documentation and damage claim processing support.

## **Finished Vehicle Logistics (FVL) —**

Compound management, vehicle storage, pre-delivery inspection (PDI), accessory fitment, and dealer delivery across Oman.

## **Bonded Automotive Warehousing —**

Customs-bonded storage for vehicles and CKD/SKD kits pending assembly or duty-deferred distribution.

## **Automotive Spare Parts Distribution —**

High-frequency scheduled distribution from central warehouse to dealer networks with JIT replenishment and barcode accuracy.

**RORO CERTIFIED · ZERO DAMAGE GUARANTEE · OEM APPROVED PROCESSES · BONDED STORAGE**

INDUSTRY SOLUTIONS — CONSTRUCTION & EPC

# Heavy Infrastructure & Project Logistics

Al Amana is a trusted logistics partner for EPC contractors, civil construction companies, and infrastructure developers in Oman. We manage the full logistics lifecycle from equipment procurement and port handling to on-site delivery and de-installation.

## **Heavy Machinery Transport —**

Flatbed, lowbed, and modular trailer transport for cranes, excavators, bulldozers, and concrete batching plants.

## **Site Logistics Management —**

Dedicated site logistics coordinators for laydown area management, inventory control, and crane scheduling.

## **Turnkey EPC Logistics —**

Single-window logistics solution for EPC projects covering procurement, transport, customs, and site delivery.

## **Steel & Structural Delivery —**

Just-in-time delivery of structural steel, rebar, pipes, and pre-fabricated components direct to construction sites.

## **Equipment Mobilization —**

End-to-end mobilization services for construction equipment — import clearance, transport, and commissioning support.

## **Bulk Materials Logistics —**

Import, port handling, and inland distribution of cement, aggregates, sand, and construction chemicals.

HEAVY LIFT CERTIFIED · ROUTE SURVEYS · HSE COMPLIANT · EPC PROJECT EXPERIENCE

INDUSTRY SOLUTIONS — ENERGY & POWER

# Powering Projects from Origin to Site

From conventional power plants to large-scale renewable energy projects, Al Amana provides specialized logistics for the energy sector. We have hands-on experience moving turbines, generators, transformers, and solar/wind components across Oman and the wider GCC region.

## **Power Plant Equipment Transport –**

Heavy-lift logistics for gas turbines, steam turbines, generators, transformers, and boilers using specialized trailers.

## **Renewable Energy Logistics –**

Wind turbine blades, nacelles, towers, and solar PV panel logistics from port to project site with precision rigging.

## **LNG & Petrochemical Plant Logistics –**

Modular transport for LNG plant components, distillation columns, reactors, and pressure vessels.

## **Transformer & HV Equipment Handling –**

Specialized transport for high-voltage transformers requiring oil filling, nitrogen blanket, and tilting protection.

## **Grid Infrastructure Supply Chain –**

Import, customs, and delivery of cables, switchgear, insulators, and substation equipment for grid projects.

## **O&M Spare Parts Logistics –**

Fast-track import and distribution of critical operational spare parts for power plants to minimize downtime.

HEAVY LIFT EXPERTISE • RENEWABLE ENERGY READY • PRECISION RIGGING • TURNKEY PROJECT DELIVERY

# Heavy Lift Specialists

We specialize in handling complex project cargo and over-dimensional shipments with complete end-to-end logistics support, engineering planning, and multi-modal solutions. No load is too large or too complex.

**Feasibility Study & Route Survey** - Pre-project route assessment including bridge weight ratings, road width, overhead clearances, and permit requirements.

**Rigging, Lashing & Securing** - Certified rigging engineers and lashing crews ensuring cargo integrity throughout multi-modal journeys.

**Port Handling & Chartering** - Break-bulk vessel chartering, heavy-lift crane arrangements, and port agency services.

**Heavy Lift & Out of Gauge Cargo** - Engineered lift plans for cargo exceeding standard height, width, length, or weight limits.

**Multi-modal Transport Solutions** - Seamless integration of sea, road, and air modes for complex project cargo movements.

**Turnkey Project Logistics** - Single-window responsibility from origin to site with full EPC logistics management support.

Expert Team · Experienced professionals

Safety First · HSE Compliant

End-to-End · Single window solutions

CUSTOMS CLEARANCE

## Fast & Compliant

Our customs experts ensure smooth and quick clearance of your shipments with full compliance with Oman and international regulations. We minimize delays, avoid penalties, and optimize duties to reduce your overall landed costs.

**Import & Export Customs Clearance** - Registered customs broker with authority to clear all commodity types including food, chemicals, machinery, and consumer goods.

**Temporary Import / Export** - ATA Carnet handling, temporary admission, and re-export documentation for exhibitions, project equipment, and testing instruments.

**Documentation & Consultation** - Pre-shipment document review, certificate of origin, packing lists, and full customs consultation services.

**HS Code Classification** - Expert tariff classification for accurate duty assessment and optimization of import costs across all product categories.

**Duty Optimization Support** - Free Zone strategies, duty drawback, and tariff exemption advice to minimize your total landed cost and maximize savings.

**Transit & Re-Export Clearance** - Smooth transit cargo documentation through Oman for onwards movement to GCC and neighboring countries.

**Fast Clearance · Minimize delays**

**Compliance 100% · Fully compliant**

**Expert Team · Customs specialists**

## WAREHOUSING & DISTRIBUTION

# Secure. Efficient. Reliable.

We provide secure warehousing and efficient distribution solutions to support your supply chain. Bonded and non-bonded storage with full inventory management, pick-pack operations, and last-mile delivery across Oman.

**Bonded & Non-Bonded Warehousing** - CCTV-monitored, access-controlled bonded and free-zone warehousing with flexible lease options for all cargo types.

**Pick, Pack & Distribution** - Value-added services including kitting, labelling, quality inspection, re-packing, and outbound distribution management.

**Last Mile Delivery** - Scheduled and on-demand delivery to end customers, retail outlets, and project sites across Oman with POD confirmation.

**Inventory Management (WMS)** - Real-time stock visibility via Warehouse Management System with batch/serial tracking, expiry management, and reporting.

**Cross Docking & Consolidation** - Time-sensitive cross-dock operations to accelerate product flow and reduce storage costs for high-velocity SKUs.

**Cold Storage & Pharma Warehousing** - Temperature-controlled storage (ambient, chilled, frozen) with validated monitoring for food, pharma, and cosmetics.

24/7 Security · Always protected

Scalable Space · Flexible solutions

WMS Driven · Real-time visibility

# Connecting Oman to the World

Our strong network of partners and agents worldwide enables us to deliver seamless logistics solutions across all major markets.

## 1 Middle East & GCC

Oman, UAE, Saudi Arabia, Kuwait, Qatar, Bahrain — comprehensive coverage of all GCC states with road and multimodal options.

## 2 South & East Asia

India, China, Singapore, Malaysia, Japan, Bangladesh — key manufacturing hubs with daily consolidations.

## 3 Europe

UK, Germany, Netherlands, Belgium, Italy — gateway ports and inland distribution hubs with rail options.

## 4 Africa

East & West Africa via Mombasa, Dar es Salaam, Maputo, Lagos — growing trade corridor expertise.

## 5 Americas

USA, Canada, Brazil, Mexico — transatlantic and transpacific lanes with competitive transit times.

## 6 Oceania & SE Asia

Australia, New Zealand, Indonesia, Thailand, Vietnam — emerging high-growth trade corridors.

WHY CHOOSE AL AMANA?

## Delivering Value Beyond Logistics

**20+**

### Strategic Location

Located in Oman — the strategic gateway to GCC, Asia & Africa, connecting East and West.

**E2E**

### End-to-End Solutions

Complete logistics services under one roof — sea, air, land, customs, warehousing, and more.

**20+**

### Experienced Team

Industry experts with decades of combined experience across all logistics verticals.

**100+**

### Global Network

Strong worldwide partners and agent network spanning every major trade corridor.

**24/7**

### 24/7 Customer Support

Round-the-clock operational support to ensure your shipments move without interruption.

**100%**

### Compliance & Safety

Unwavering commitment to international standards, HSE regulations, and compliance.

*Customer Focus — Your success is our highest priority.*

SUSTAINABILITY

## Committed to a Better Future

We integrate sustainable practices in our operations to create value for businesses and the environment. Our commitment to green logistics drives us toward net-zero operations.

### Optimized Routes –

Advanced route planning and load consolidation algorithms reduce fuel consumption and carbon emissions on every shipment by up to 30%.

### Responsible Partners –

We prioritize carriers and partners who share our commitment to environmentally responsible, carbon-conscious logistics.

### Energy Efficient Operations –

We maximize load factors, minimize empty runs, and invest in Euro 5/6 and LNG vehicles to reduce fleet emissions.

### Emissions Monitoring –

We track and report Scope 3 emissions data for clients who require ESG-compliant logistics and sustainability reporting.

### Paperless Processes –

Digital documentation, e-signatures, and cloud-based TMS/WMS systems significantly reduce paper waste across operations.

### Continuous Improvement –

Annual sustainability reviews, science-based targets, and quarterly progress measurement toward net-zero logistics.

*Working Together for a Sustainable Tomorrow · Net-Zero Logistics Commitment*

# Project Experience

## PROJECT CARGO UPDATE OVERSIZED BOAT SUCCESSFULLY DELIVERED TO DUBAI, UAE

### DELIVERING THROUGH CHALLENGING TIMES

Despite the operational challenges arising from the recent geopolitical situation in the region, Al Amana International Logistics successfully executed the customs clearance, coordination, and transportation of an oversized boat from Sohar Port, Oman to Dubai, UAE.

#### PROJECT OVERVIEW

The project required meticulous planning, continuous stakeholder engagement, and seamless coordination between port authorities, customs officials, transport partners, and border agencies to ensure uninterrupted movement throughout the journey.

Our team maintained a strong on-ground presence at Sohar Port, border crossing points, and throughout the transportation process, proactively managing operational challenges and ensuring the safe and timely delivery of the cargo to the customer's designated location in Dubai.

#### PROJECT DETAILS

- ORIGIN**  
Sohar Port, Sultanate of Oman
- DESTINATION**  
Dubai, UAE
- CARGO**  
Oversized Boat
- SCOPE OF WORK**
  - Customs Clearance at Sohar Port
  - Port Handling & Operational Coordination
  - Transport Planning & Execution
  - Border Clearance Coordination
  - Cross-Border Heavy Haulage
  - Final Delivery to Customer Site in Dubai

#### PROJECT HIGHLIGHTS

- Successfully executed during a period of regional geopolitical uncertainty
- Strong coordination with port, customs and border authorities
- Dedicated operational supervision from origin to destination
- Safe handling and transportation of oversized cargo
- Seamless cross-border delivery from Oman to UAE
- Successful delivery to the customer's site in Dubai

#### OUR EXPERTISE

**WE MOVE WHAT MATTERS,  
SAFELY, RELIABLY, ALWAYS.**

Al Amana International Logistics continues to be your trusted partner for complex project cargo solutions – even in the most challenging times.

## CHARTER VESSEL PROJECT SUCCESSFULLY EXECUTED OVER 25,000 MT OF BULK CARGO

VESSEL CHARTERING • PORT OPERATIONS • CUSTOMS CLEARANCE • CUSTOMER DELIVERY

### BIG SHIPMENTS. STRONG PARTNERSHIPS. RELIABLE DELIVERY.

Al Amana International Logistics successfully chartered a vessel and executed the end-to-end management of over 25,000 MT of bulk cargo from Vietnam to Oman, ensuring smooth operations, customs clearance in Oman and safe delivery to the customer.

**1 CHARTERED VESSEL**  
Vessel chartered from Vietnam for safe and efficient carriage of bulk cargo.

**2 BULK CARGO LOADING AT ORIGIN**  
Cargo loading operations supervised at origin port, ensuring quantity and quality as per specifications.

**3 VESSEL ARRIVAL & DISCHARGE OPERATIONS**  
Vessel arrived Oman and bulk cargo discharged efficiently under strict supervision.

**4 PORT & CUSTOMS COORDINATION**  
Customs clearance managed in Oman with complete documentation and liaison with relevant authorities.

**5 CARGO DISTRIBUTION TO CUSTOMER**  
Cargo transported and delivered safely to the customer as per agreed schedule.

# Project Experience

## PROJECT CARGO SUCCESS UAE & GCC EXPORTS VIA OMAN

PROFESSIONALLY MANAGED. SAFELY DELIVERED.

### COMPLEX PROJECTS. SEAMLESS EXECUTION.

Al Amana International Logistics successfully managed the export of **over 55 vehicles** (oversized units) from the UAE & GCC countries via Oman.

Through meticulous coordination and hands-on management at every stage, we ensured smooth operations and successful completion.

**STRATEGIC ROUTING**  
Optimal route planning via Oman

**EXPERT MANAGEMENT**  
End-to-end professional management

**COMPLETE COORDINATION**  
Seamless coordination with all stakeholders and authorities

**SUCCESSFUL EXECUTION**  
Delivered with precision and reliability

**OVER 55 VEHICLES MOVED**  
SUCCESSFULLY EXPORTED VIA OMAN

#### PROJECT OVERVIEW

- SERVICE** GCC Exports via Oman
- ORIGIN** United Arab Emirates & GCC
- TRANSIT ROUTE** Via Sohar Port, Oman
- DESTINATION** Various International Destinations
- CARGO** Oversized Construction & Mining Equipment
- TOTAL UNITS** +55 Vehicles Moved
- MODE** Sea Freight
- SCOPE** Managing Operations End-to-End

#### SCOPE OF MANAGEMENT

- Port Coordination & Handling at Sohar Port
- Customs Clearance & Documentation
- Liaison with Relevant Authorities
- Cargo Planning & Coordination
- On-Ground Operations Management
- Real-time Monitoring & Updates
- Final Delivery Handover to Port / CY for Export

#### KEY HIGHLIGHTS

- ✓ Successfully managed the export of over 55 oversized vehicles from UAE & GCC via Oman.
- ✓ Managed during the crisis of the geo-political situation.
- ✓ Handled complex operations with immense coordination and attention to detail.
- ✓ Strong coordination with all stakeholders, port & customs authorities.
- ✓ Safe handling of oversized equipment at every stage.
- ✓ Seamless execution despite tight schedules and operational challenges.
- ✓ Delivering trust and reliability, every step of the way.
