OUR PROJECT & BREAK BULK NETWORK

Our specialized project teams dedicated to Project and Break Bulk cargo are able to provide a tailor-made service to meet various demands.

By providing timely and reliable break bulk service, we have bonded solid cooperation partnerships with ship owners not only container vessels but also RO/RO or Heavy Lift and Break Bulk vessels at seas; trucking companies for inland haulage; stevedores at shipside; covering cargo delivery service in terms of DAP/DDP/FAS/EX Works.

Works for both import and export services together with our sister company "Wirtz Link" at Shanghai establishing project network is member of global project organizations like GPLN; and "Wirtz Shipping" at Antwerp who has a sister company as Wirtz Link, is member of PCN, PLA, GPLN, all specialized in the movement of heavy lift and project cargos by air, sea and land.

Project Network as a member of PCN, GPLN and PLA

We care for your Products and Logistics all over the World

A GOOD PLAN MAKE A GOOD END

| Plan | Operation | Control |
|--|---|---|
| Study the transport route & means | Define the work process | Monitor the transport / delivery schedule |
| Design a logistic concept | Provide / issue relevant documents / permits | Status report for the relevant transport phases |
| Consult on stevedores / inland haulage / customs related matters | Coordinate the activity of all parties involved | Keep everybody on track of update |
| Prepare a timeframe | Arrange & perform transport / storage / packing / customs clearance / -- etc. | Cost control and aftermath analysis |
