Project Cargo Network cannot take responsibility for the opinions, statements and/or facts expressed in the stories, that are contained in this publication. Any views expressed are those of the individual quoted, and not necessarily those of the publisher. The publisher can accept no responsibility for any errors or omissions made, but will endeavour to amend any, that are brought to our attention, in a future issue.

Welcome to our monthly eMagazine, an official PCN publication which includes articles on Member's projects, the latest companies to join, reminders of membership tools and official updates.

Distributed to both our internal readership of 10,000+ staff worldwide and also accessible to the 5000+ visitors per month to our website. We also invite external companies to subscribe and currently over 500 industry executives engaged in energy, construction, shipping, and ancillary industries have asked to regularly receive a copy. Please feel free to subscribe and each issue will be delivered straight to your inbox.

To see the very latest news, please see the News section of our website or projectcargoblog.com.

We are delighted by our continued strong growth - scan this QR code to see our impressive association which has a global reach of over 120 countries. However, we are more impressed with the amount of business and projects that our members collaborate on. It is why we exist! We can't wait to see our friendly and professional global family at our 12th Annual Summit from 12-14 November in Thailand - see page 27.

Enjoy this issue.

WEST AFRICAN EXPERTS WITH ISS-GF IN NIGERIA & SIERRA LEONE

We are pleased to report **ISS Global Forwarding** are new members in **Nigeria** and **Sierra Leone**. With cooperative and helpful teams who are experts in West African logistics, their offices are located in **Lagos** and **Freetown**. They offer project cargo and industrial logistics services for a variety of different industries including oil & gas and energy.

"With a flexible service portfolio and highly experienced teams dedicated to delivering tailored and innovative solutions, we thrive to provide 100% satisfaction."

"As specialists in 360° turnkey management of industrial projects, we offer a full range of related services from the initial route survey & studies stage to on-site delivery and beyond."

The PCN Head Office is delighted to extend our membership in West Africa with reliable representation.

3P LOGISTICS ARRANGE DELIVERY OF HEAVY EQUIPMENT TO ROTTERDAM

The project team of **3p Logistics** in **Denmark** recently arranged the delivery of a heavy unit for the offshore industry. The cargo involved equipment for the offshore construction vessel 'Bokalift 2'. It was received in Denmark and transported to the **Port of Rotterdam, Netherlands**.

The dimensions of the cargo measured **6.60 (L) 4.50 (W) 3.50 (H) meters** and weighed **85 tons**.

3p Logistics covered a scope of work for this project, including:

- Loading on truck in Northern Denmark
- Transloading to a Mafi Trailer in the Port of Esbjerg
- Loading and final shipping aboard RORO vessel
- Arrival/discharging
- Barging

"We are always happy to support our customers in Denmark, Netherlands & worldwide."

POLARIS SHIPPING CONDUCT VARIOUS SHIPMENTS OF AUTOMOBILES

The projects division of **Polaris Shipping**, our members from the **United Arab Emirates**, recently completed various shipments including **vintage automobiles** and **construction machines**. The first lot of cargo included several Volvo wheel loaders for one of their clients, destined for South America.

Due to fixed budget constraints for shipping, it became mandatory that the construction machines were carefully dismantled and tagged for reassembly once the delivery was complete.

"The loaders travelled in 40' Open Top High Cube containers, and the project was carried out to the full satisfaction of our customer."

Polaris also conducted the shipment of several **vintage vehicles**, pictured **here** in great condition.

HEAVY & ABNORMAL LOAD SPECIALISTS WITH JWQ EUROPEAN

We are pleased to introduce **JWQ European** as new members in **Ireland**. Their team has a lot of knowledge in project cargo, abnormal loads and OOG challenges and they are a solid and reputable partner. The company is certified by the Irish Road Haulage Association (IRHA).

*"JWQ European is a heavy haulage, project cargo, abnormal loads and shipping specialist based in Greenore, Co. Louth in Ireland. Featuring a proven track record and a range of equipment, we have the **experience and expertise** to transport heavy and unusual loads. No matter what size or shape of the load, we deliver.*

*With a dedicated team, led by James Quinn, we offer **tailored solutions** for the transport of OOG cargo during all stages of the operation. There is a vast knowledge of European traffic and transport law within the organisation as well as established relationships with permit providers."*

KGE LOGISTICS NOMINATED TO TRANSPORT PUMPS TO KAZAKHSTAN

KGE Logistics were recently nominated to transport two large pumps from Jebel Ali to Kazakhstan. The two pieces of out-of-gauge cargo were moved on 40' flat racks to Mersin Port, each pump featuring dimensions of 5.79 (L) x 2.11 (W) x 2.95 (H) meters and a weight of 9,650 kilograms.

Once at Mersin Port, the cargo was loaded onto two trucks as they were to travel to separate destinations. KGE provided full details of the transshipment they completed, as well as daily tracking which resulted in satisfactory feedback from their client.

"Both pumps were successfully delivered to their respective destinations with the support of our highly skilled & dedicated team."

TERA SHIPPING CONTRIBUTE TO SHELL TIMI PROJECT IN LABUAN

Tera Shipping, our members from Malaysia, were recently appointed to deliver a pedestal crane along with its accessories to Labuan for Shell's Timi Project. There were 5 packages in total, with a combined weight of 36 MT and a volume of 703 CBM. The largest piece of cargo was measured at 23.8 (L) 6.0 (W) x 6.0 (H) meters.

Due to the client's decision for a full charter, Tera supplied a 250 ft barge paired with a 1,200 horsepower tugboat for the project. The cargo was stationed at their client's private jetty, before being lifted & loaded onto the barge with a 250-ton capacity barge crane.

Upon completion, the cargo was secured on the barge deck, fastened, and set sail to Labuan Shipyard in East Malaysia. After berthing alongside Labuan Shipyard, the barge crew performed unfastening & hooking on scope. The cargo was then unloaded using a 198-ton capacity ringer crane.

"Tera is working on a second leg to load the offshore pedestal crane onto a dedicated PSV, and arrange sea fastening before it is delivered & installed onto the intended offshore platform."

3P LOGISTICS TRANSPORT LIFEBOATS TO SINGAPORE FOR CRUISE INDUSTRY

The Polish division of **3p Logistics'** projects team are pleased to report an interesting shipment they coordinated from **Gdansk** to **Singapore**.

The cargo included four large lifeboats which were made in Poland, measuring **11.5 (L) x 3.00 (W) x 3.50 (H) meters** each.

From Gdansk, the lifeboats were collected by truck for onward delivery to Singapore by sea freight. 3p Logistics handled operations such as re-loading & securing the cargo using the appropriate containers.

The vessel designated by 3p Logistics for onward delivery already hosted four 40' flat rack containers, which were used for this shipment.

"The cargo is now sailing toward Asia for our satisfied customer!"

STAR SHIPPING DELIVER ELECTRIC CARS FROM LIANYUNGANG TO JEBEL ALI

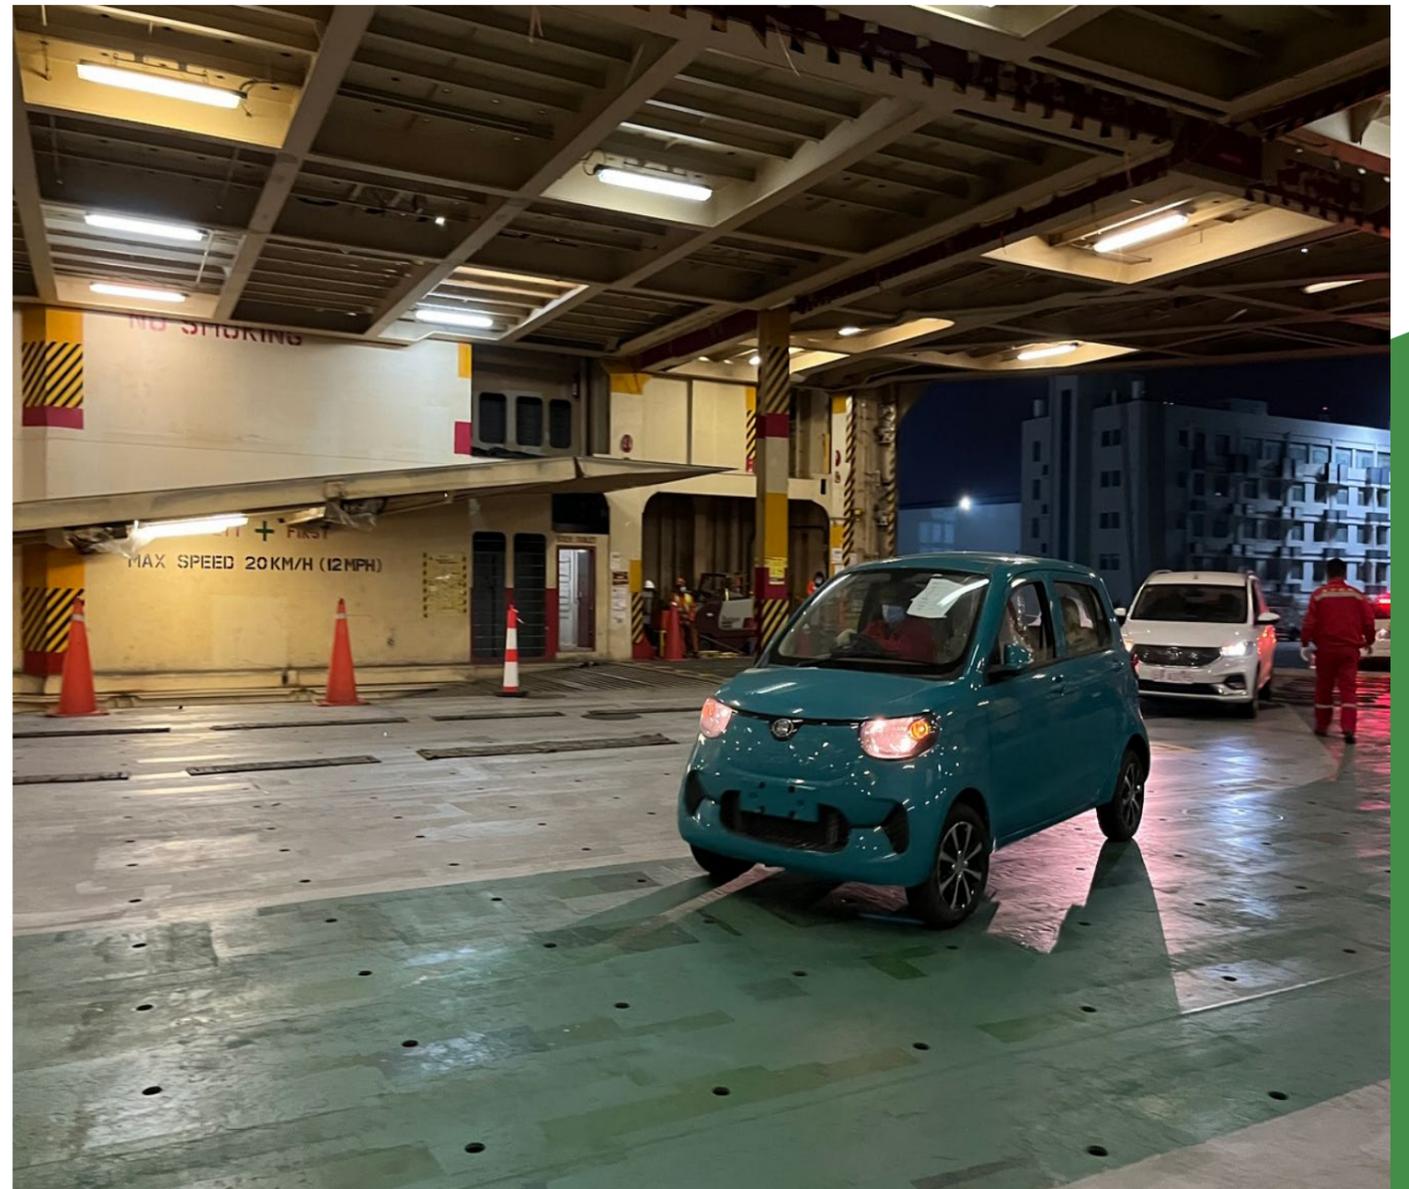

Star Shipping, our members from **Pakistan**, are glad to share a shipment of **twenty-six electric cars** they recently completed.

The full load weighed in at **28,470 kilograms** with a volume of **212 cbm**.

Star Shipping received the electric vehicles from **Lianyungang, China** and covered a wide scope of operations: including but not limited to ex-works from factory to port.

A RO/RO vessel was chosen by the company for this shipment, with the cargo being discharged at **Jebel Ali** before onward delivery to their client.

"We eagerly anticipate serving our valued clients in the future."

BATI ORCHESTRATE FIBRE-OPTIC CABLE INSTALMENT IN TURKIYE

BATI in **Turkiye** are pleased to share that they recently completed a shipment for the '**Tanap Project**', comprising of the installation of fibre-optic cables.

The group orchestrated the instalment of four large reels, and two smaller reels of fibre-optic cable for the distribution of electronic information.

The cables were delivered from Rotterdam to Turkiye, and once the project was complete, their empty reels were transported back to Rotterdam as a final operation.

This shipment was successful thanks to the due diligence of all teams involved.

TRANSINTERCARGO LOGISTICA OFFER COMPANY INTRODUCTION

"We are **Transintercarga Logistica**, a leading comprehensive logistics operator in the market, with 20 **years of experience** in advising and executing foreign trade processes specialising in project cargo."

Transintercarga offer complete service and management, a factor that places them amongst the leading operators in **Colombia**.

"Our presence in **5 main cities** and **3 seaports** nationwide allows us to offer wide coverage in the shipment and receipt of your merchandise, in a safe and timely manner."

The company states that carrying a dedicated and attentive monitoring of each operation is one of the keys to their work.

Please read further for comments from **Daisy Amarillo, General Manager** at Transintercarga:

"Within our project cargo operations, we have managed an RO/RO international maritime transport for a reel on the Belgium - Cartagena - Puerto López route, an operation that was successfully carried out in a coordinated manner by our team."

3P LOGISTICS COORDINATE GAS TURBINE MOVEMENT TO CHINA

3p Logistics recently coordinated a delivery from an oil rig in Ukraine to **Dalian, China** via the Port of Gdansk in Poland. Made in the Ukraine, the cargo for this transportation comprised of an oversized gas engine turbine.

3p Logistics received this cargo from a Ukrainian hauler and arranged operations such as loading & securing in a warehouse near Gdansk.

The cargo came in two units: a larger item which measured **7.2 (L) x 2.7 (W) x 3.0 (H) meters** with a weight of 17,900 kilograms, and a smaller unit measuring **2.6 (L) x 1.5 (W) x 1.1 (H) meters** with a weight of 680 kilograms.

"This shipment has since departed from Gdansk and is now on the voyage to its destination in Dalian, China."

POLARIS SHIPPING HANDLE OVERSIZED OIL & GAS SHIPMENT

Polaris Shipping are glad to report on a door-to-door shipment that they recently completed in the **oil & gas** industry.

This shipment was handled for a multi-national corporation from India and was transported to their receiver's yard in **Mussafah**.

The company acquired all route permissions at the origin of the cargo, as well as the destination.

"As our tag line says: 'big or small, we do it all!' We look forward to working with our associates and future clients."

ESTABLISHED LOCAL EXPERTS WITH TRINITY SOLUTIONS BURKINA

We are pleased to welcome **Trinity Solutions Burkina** as new members in **Burkina Faso**. Located in **Ouagadougou**, they are established local experts in West Africa and provide **knowledgeable solutions with a responsive team**.

Trinity Solutions Burkina offer a wide range of project management & logistics services including planning, studies & surveys, cargo handling & transport, customs clearance and documentation. Their recent experience has included projects in the construction, power & energy, mining and manufacturing sectors.

Alain Martial Guissou (Managing Director) comments; "We are keen to be part of PCN to work with the reliable members of the network and to grow & develop partnerships around the world."

PROFESSIONAL LOGISTICS EXPERTS IN RÉUNION - DSG TRANSIT REPIQUET

We are pleased to announce DSG Transit Repiquet are new members in Réunion. They come recommended as professional logistics experts by PCN members and the company is celebrating 40 years of success in 2023. Diane Repiquet (Director) comments they "... are very happy to join a great network of specialists to handle project cargo and OOG shipments."

With a shipping office at the port and an air office close to the airport, they hold all the necessary licenses and certification including OEA. Recent projects handled by DSG Transit Repiquet have included road constructions and factory machinery.

Diane continues; "A family company and 100% Reunionese, DSG Transit Repiquet has been organising transport, logistics and customs

clearance since 1983. Our responsive team offers local know-how and support at every step of the way with tailored solutions and rigorous follow-ups. With the required means and experience, DSG Transit Repiquet can handle all types of cargo including oversized, breakbulk, bulk, RORO, dangerous goods and containers."

"From Réunion Island, we specialise in international and regional transport by sea and air. Whether a large or small project, we always offer the most appropriate solutions and a complete grip, from collection to delivery, including handling, customs, storage and administrative formalities."

The PCN Head Office is delighted to welcome representation on Réunion Island and believe DSG Transit Repiquet will be a fantastic asset to the network!

VALUE-ADDED LOGISTICS FROM TRANSCON INDONESIA

We are pleased to approve **Transcon Indonesia** as new PCN members. With offices located in **Surabaya, Jakarta** and **Medan**, the award-winning company is over 15 years old and holds various accreditations including AEO, ISO and OHSAS. Their responsive team offers a complete range of project logistics, shipping, transportation and heavy lift services.

CEO, Utami Prasetiawati says; "Transcon Indonesia is a value-added logistics company, making operations simple with **efficiency and transparency**. We have the required **knowledge and experience** to serve complex project logistics requirements with the best one-stop solutions in a cost-efficient manner.

With detailed planning, reliable heavy equipment, HSE understanding and transportation expertise, all tailored to the specific requirements of the cargo, our skilled team ensure that projects are delivered timely and safely."

Last month, Transcon Indonesia delivered an evaporator for a geothermal project as pictured. Their scope of work included stevedoring, customs clearance, handling, heavy lifting, inland transport from the Transcon Medan warehouse to the site (580km) and delivery.

FRONT SHIPPING JOIN PCN WITH COMMITMENT & COMPETENCE

We are pleased to report **Front Shipping** are new members in **Norway**. Based in **Oslo**, they are focused on project cargo, specialised transportation and challenging lifts. The company are certified by the Norwegian Logistics and Freight Association and offer professional and knowledgeable solutions.

André Martens Solem (Sales & Marketing Director - CCO) comments; "We offer our leading expertise and full attention to the complex world of project logistics. Each project is unique and we understand that big and heavy cargo transportation and lifting requires **extensive planning and due diligence**. Our team has vast experience in analysing client requests and offering **tailor-made, intermodal transport solutions** based on each unique project with an emphasis on strong communication between stakeholders.

We are really looking forward to joining the network and as **project cargo specialists**, we believe PCN is a good fit for us. We will do our utmost to contribute to the growth of business between the members and give a high standard of quality services based on our commitment and competence."

PARISI GRAND SMOOTH LOGISTICS TRANSPORT OUT-OF-GAUGE LIFEBOATS

Parisi Grand Smooth Logistics, our members from **Hong Kong**, are glad to share news of a recently completed OOG shipment.

The cargo involved two packages and consisted of four lifeboats, each measuring **5.40 (H) x 2.75 (W) x 3.30 (H)** meters and weighing in at **2,750 kilograms**.

Parisi Grand Smooth covered lashing and cargo security on this shipment, using six cord straps accompanied by turnbuckles to tightly fasten the main body's left & right parts, as well as placing a wooden bar at the bottom fore and aft to avoid movement during travel.

"A 40' flat-rack container was utilised to transport the boats."

LOGISTICS PLUS SHIP WIND TURBINE CASTINGS FROM SHANGHAI TO INDIA

Logistics Plus, our members from **India**, are pleased to report a recent shipment of castings destined for wind-operated electric generators.

This shipment included four units of the castings which were picked up from Shanghai and delivered locally India. The company report that several more similar shipments will be received into India during the coming months.

Logistics Plus India have over 20 years of experience in the country with numerous offices across India including New Delhi, Bengaluru, Chennai, Jalandhar, Ludhiana and Mumbai.

EASTSHIP WINS BREAKBULK EVENTS & MEDIA PHOTO CONTEST

Eastship are excited to share news of their recent achievement in which they won a 'Breakbulk Events & Media Energy Transition' photo contest!

The company stated that this achievement is a testament to the collaborative spirit and unwavering support of their team.

"We extend our heartfelt gratitude to each team member who voted for our entry and encouraged their friends to do the same. Your dedication and belief in our work have played a significant role in this well-deserved victory."

Eastship also took time to acknowledge the exceptional talent and creativity of their fellow participants in the contest:

"It was a fierce competition and we are honoured to have our photo recognised alongside such outstanding entries."

KGE LOGISTICS TRANSPORT BOGIES FROM INDIA TO KAZAKHSTAN

KGE Logistics were recently nominated to transport three bogies from Kurali, **India** to Nur Sultan in **Kazakhstan**.

The out-of-gauge cargo was transported on a 40' flat rack as well as one wagon. In terms of dimensions, the cargo was measured at **4.7 (L) 2.9 (W) 2.1 (H)** meters with a weight of **9,675 kilograms**.

Starting at Kurali, the shipment was picked up and moved on a flatbed to Mundra Port, where it travelled by ocean until it reached Georgia.

From Georgia, the three bogies were loaded onto a wagon before being moved to their final destination in Kazakhstan.

"Our highly trained staff conducted a survey in India and also in Georgia after loading, along with complete daily tracking which was provided to our customer with satisfactory feedback."

STAR SHIPPING DELIVER 40MVA TRANSFORMERS FROM KARACHI TO PUNJAB

Star Shipping, our members from **Pakistan**, are pleased to share news of a delivery they completed involving two sets of **40 MVA Transformers** & breakbulk accessories.

The cargo was received under hook in Karachi Port and loaded onto multi-axle hydraulic trailers, which were used to safely deliver the transformers to their destination site in Punjab.

Star Shipping delivered the additional breakbulk accessories for this shipment using multiple flatbed trailers, with all shipments made successfully.

Star Shipping Pakistan is specialized in handling turnkey projects, heavy-lift transportation, erection, engineering services, sea freight and offshore services.
