# PROJECT CARGO NETWORK MONTHLY NEWS

## ABOUT PCN

Since 2010, PCN has provided heavy lift and project cargo specialists access to a global network of agents who can handle their shipments, whilst working under strict Membership Rules. Our friendly and professional ISO 9001 & ISO 14001 organisation comprises of 360+ companies in 125+ countries. See our video library for more details.

## MEETING HUB

We have invested in a bespoke Meeting Hub where our Members can connect virtually using the platforms that have now become an essential part of daily life including Zoom, Google Meet, Skype, and WhatsApp. See our video library for more details.

Welcome to our monthly eMagazine, an official PCN publication which includes articles on Member's projects, the latest companies to join, reminders of membership tools and official updates.

Distributed to both our internal readership of 10,000+ staff worldwide and also accessible to the 5000+ visitors per month to our website. We also invite external companies to subscribe and currently over 500 industry executives engaged in energy, construction, shipping, and ancillary industries have asked to regularly receive a copy. Please feel free to subscribe and each issue will be delivered straight to your inbox.

To see the very latest news, please see the News section of our website or [projectcargoblog.com](http://projectcargoblog.com).

We are delighted by our continued strong growth - scan this QR code to see our impressive association which has a global reach of over 125 countries. However, we are more impressed with the amount of business and projects that our members collaborate on. It is why we exist! We can't wait to see our friendly and professional global family at our 12th Annual Summit from 12-14 November in Thailand - see page 12.

Enjoy this issue.

# 3P LOGISTICS COMPLETE OVERSIZED PROJECT FROM CHINA TO SWEDEN

Ilya Goncharov, Global Project Manager of **3p Logistics** is pleased to share a movement that he and Global Project Director **Niels Chr. V. Andersen** coordinated from the first to the final touches. This shipment was organised for a new 'green tech' manufacturer of the world's most environmentally-friendly mineral fertiliser, and the destination was in a beautiful area of Sweden - the **port of Köpmanholmen**.

In the electric car battery manufacturing and pulp industries, workers in Sweden will manufacture a **sustainable mineral fertiliser** from residual products. They will use traditional and proven processing technology powered by **fossil-free electricity**.

Ilya Goncharov, Project Manager, offered his own comments:

*"This will be an important contribution to the green transformation of agriculture, and it is an honor for 3p Logistics to be a part of such a unique project."*

The largest piece of cargo involved in this shipment featured a great diameter of over seven meters. Ilya and Niels decided on a "net zero" method of transport using the new LNG-powered CMA CGM vessel 'Concorde', which travelled from **China to Hamburg**.

*"One giant crystallizer had the size equal of twenty-four standard containers on the vessel!!"*

In total, 3p Logistics moved two huge breakbulk items and seven OOG items. In height and width, this marked the biggest in 3PL history with a measurement of **7.0 (H) x 7.4 (W) meters!**

The company used a floating crane to unload from the vessel, as well as for loading a barge for delivery between the terminals in **Hamburg**.

Afterwards, the goods were transloaded to 3PL's breakbulk vessel in Hamburg before finally being delivered to the final site in Sweden.

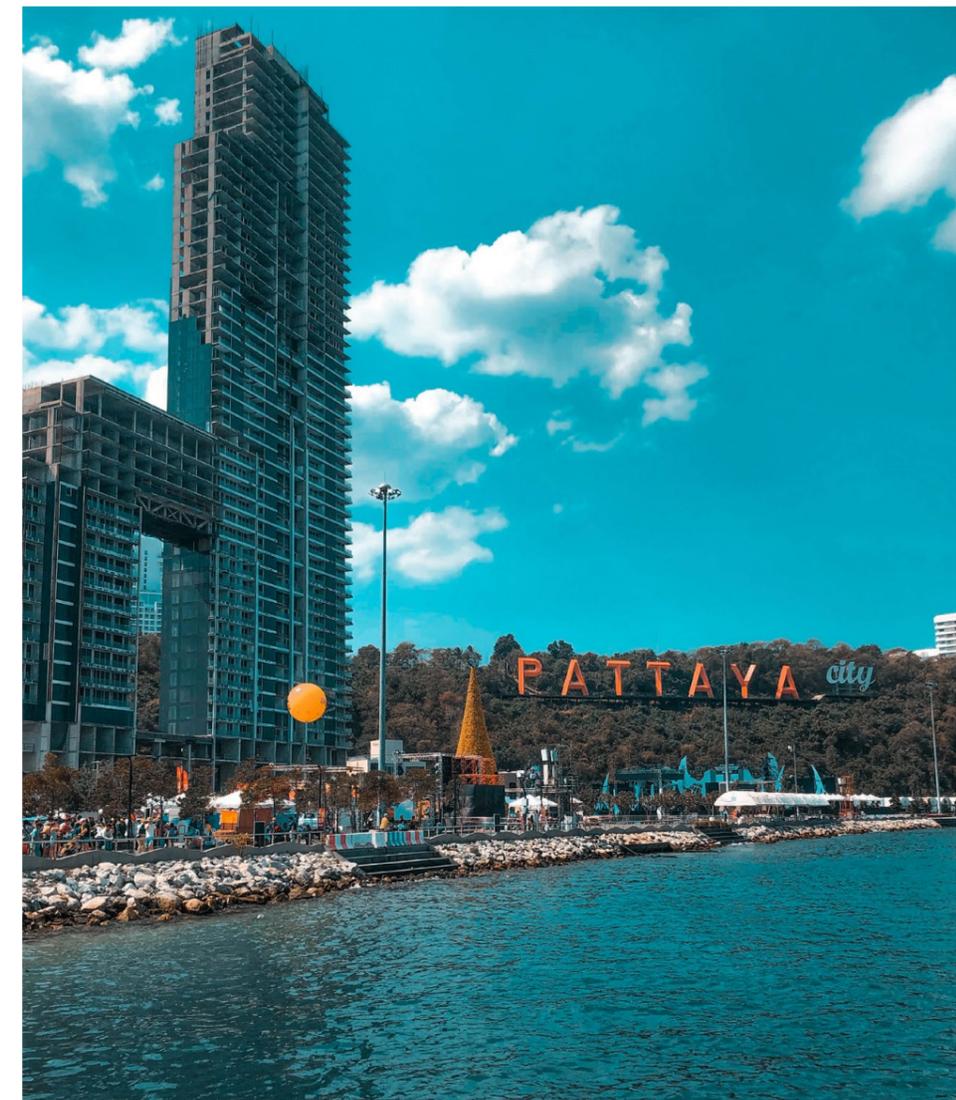

# PCN HEAD OFFICE ANNOUNCE 12TH ANNUAL SUMMIT ATTENDANCE

Project Cargo Network (PCN) is excited to announce that it expects **over 200 CEOs** and Senior Managers to attend its **12th Annual Summit**, which will be held from **12-14 November 2023** in Pattaya, Thailand.

PCN's Wendy Schuller says:

"Thailand has traditionally been a top choice for international meetings, but we aimed to provide a more laid-back alternative to Bangkok, minus the hassle of connecting flights to the islands. That's why we opted for Pattaya, a **brehtaking beach destination** nestled along Thailand's eastern Gulf coast, and it's only a convenient 90-minute taxi ride from Bangkok Airport."

During the **P2P meetings**, delegates are able to exchange information and review current and upcoming government and private projects in the manufacturing, oil and gas, infrastructure, construction, power, and energy sectors. Fun is also on the agenda with dinners, discos, and fireworks!

PCN recently announced that it will be officially releasing an **exclusive collection of new training videos** on stability during the event, delivered by industry expert, Marco J. van Daal.

PCN President, Rachel Crawford says "To the best of our knowledge, there has been no precedent for explaining the transport, lifting, and maritime stability concepts as an integrated whole. Our new training illustrates that stability in the various domains (transporters, cranes, barges) essentially boils down to the same underlying principles of nature and is poised to serve as a **significant revelation for those engaged in heavy lift and project cargo operations**. While PCN is known for its commitment to innovation, our ultimate motivation is the chance to offer our Members tangible advantages that can substantially enhance their business."

**Thai Airways** supports PCN's 12th Annual Summit and offers PCN delegates their 'Best Bookable Fares'

# HBH LOGISTICS ORGANISE TANK SHIPMENT WITH EUROPE CARGO

HBH Logistics was recently commissioned to organise a shipment from **Berlin to Mexico**, with their good partner and fellow PCN Member - **Europe Cargo**. Due to a very limited time frame, road permits were urgently required as an ocean vessel had already been booked and delaying the voyage was not an option.

The cargo in question involved **two tanks**, plus several spare parts in wooden cases.

**Patrick Behmenburg**, Branch Manager at **HBH Logistics** says this about this shipment:

"In cooperation with Europe Cargo, who were responsible for ocean freight, we made the customer happy and we wish for a pleasant voyage to South America."

# CF&S COMPLETE PROJECT SHIPMENT FROM ITALY TO KAZAKHSTAN

CF&S Estonia are pleased to report another project cargo transport which they recently completed involving **gas scrubbers**.

"CF&S Estonia are all about 'Green Power' and supporting a 'Clean Air Environment' too!"

The hefty cargoes weighed in at **31,000 kilograms** per scrubber, and were transported from **Italy to Kazakhstan**.

*"The growing economies of the Central Asian countries require new and reliable logistics connections to and from those markets. With our trucks, vessels, and port operations within the CF&S Network, we have immediate access to capacities and services."*

## HEMISPHERE FREIGHT SERVICES DEVELOP NEW WAREHOUSE FACILITIES

**Hemisphere Freight Services**, PCN Members from the **United Kingdom**, are excited to share their plans to develop **new company warehousing!** Hemisphere UK are set to construct and expand their facilities in the **East of England**, with the build of a **243,511 sq ft** warehouse.

"The steels have gone up and the build is now in progress."

*Hemisphere Freight Services offer complete project logistics capabilities and services for varied industries with the efficient and cost-effective transport of out-of-gauge and abnormal loads.*

# 2023 ANNUAL SUMMIT

A stunning beach destination perched on Thailand's eastern Gulf coast and just 90 minutes from Suvarnabhumi Airport in Bangkok, makes Pattaya perfect for our 12th global gathering.

## A SERVICE DRIVEN CULTURE AT AGX EXPRESS PHILIPPINES

We are pleased to report **AGX Express Philippines** are new PCN members. The company is well established, starting business in 2004, with **9 offices across the Philippines** as well as warehouse facilities. They hold numerous national & international accreditations and their cooperative team are capable of catering to any project cargo requirements. Managing Director, Max Gulmayo Jr. says; "AGX Express is an **innovative and flexible** logistics and forwarding company with a service driven culture. With **extensive experience and in-depth knowledge**, our team have the best solutions for heavy & oversized cargo and understand the specific challenges and procedures.

We are looking forward to connecting and developing business with the PCN family!"

*Recent project cargo handled by AGX Express Philippines has included solar power plants, railway projects, transformers & gensets, machinery, aircraft engines, aircraft spares and many other oversized, sensitive and high-value shipments.*

# A TEAM OF INDUSTRY VETERANS AT SSI GROUP

We are pleased to announce new PCN members in **Somalia** and **Kenya** with **Safeway Services International Group (SSI Group)**. With offices in Mogadishu and Nairobi, the company was established in 2014. Their team comprises of industry veterans with **professionalism and expert logistics knowledge** in the Horn of Africa.

Operations Manager, Patrick Ondieki comments; "SSI Group is a dynamic provider of comprehensive logistics and freight operation solutions by air, sea and land. Offering a wide range of logistics services that are tailored to specific needs, our experienced team of professionals are ready for any project cargo challenges.

We have a proven track record in providing **efficient logistics support services** with numerous NGOs, development organisations and international agencies (including ICRC, WHO & WFP), and have built strong relationships over the years."

"Shipping and transportation is made simple with our expertise and reliable solutions for your projects."

*The PCN Head Office wishes a warm welcome to our latest new members in Africa!*
