Project Cargo Network cannot take responsibility for the opinions, statements and/or facts expressed in the stories, that are contained in this publication. Any views expressed are those of the individual quoted, and not necessarily those of the publisher. The publisher can accept no responsibility for any errors or omissions made, but will endeavour to amend any, that are brought to our attention, in a future issue.

Welcome to our monthly eMagazine, an official PCN publication which includes articles on Member's projects, the latest companies to join, reminders of membership tools and official updates.

Distributed to both our internal readership of 10,000+ staff worldwide and also accessible to the 5000+ visitors per month to our website. We also invite external companies to subscribe and currently over 500 industry executives engaged in energy, construction, shipping, and ancillary industries have asked to regularly receive a copy. Please feel free to **subscribe** and each issue will be delivered straight to your inbox.

To see the latest news, please see the **News section** of our website.

We are delighted by our continued strong growth - scan the QR code to see our impressive association which has a global reach of **over 120 countries**. However, we are more impressed with the amount of business and projects that our members collaborate on. It is why we exist!

Head to page 26 for details on our exciting 15th Anniversary Celebration & Conference in London!

Enjoy this issue.

Rachel Crawford FCILT
PCN President/C.E.O.

The PCN Team
From left: Tom, Judith, George,
Rachel, Sam, Wendy

Rachel is supported at the PCN Head Office by a strong group of talented individuals drawn from a variety of transport and media backgrounds, all of whom very much contribute to the success of our organisations.

MEMBER SUPPORT

Judith manages the network on a day-to-day basis, assisted by Wendy. Together they ensure that all systems are up-to-date and are the first stop for any Member queries. In addition, Wendy secures collaborations with the **world's top industry exhibitions**.

RECRUITMENT

Sam manages membership recruitment, selecting companies who will become active Members. His current aim is to expand our global coverage filling our **vacant territories** and emerging markets.

NEWS DESK

Tom runs our **News Desk**, publishing **online articles** and managing the **PCN Blog**, supported by Sam who manages the company's social media including **X** and **LinkedIn**.

PUBLICATIONS

George is responsible for the production of our colourful **eMagazines** (packed with Members news!) and all brochures, marketing and sales material available to Members.

EVENTS

Judith and Wendy organise and support Rachel at our **Network Meetings** from sourcing locations to managing the registration process.

TOPLINE EXPRESS LOGISTICS CONSOLIDATE BREAKBULK TO BRAZIL

Topline Express Logistics (TEL) recently completed a job entrusted by its German partner to consolidate **breakbulk cargo** from **China** to **Brazil**.

In total, the cargo weighed **374 mt** with a volume of **1,850 cbm**, and was received locally from various suppliers in China.

TEL loaded this hefty shipment aboard a vessel bound for **Santos, Brazil** early in the New Year.

The largest unit was measured at **12.7 (L) x 4.15 (W) x 4.23 (H) meters** with a weight of **89 mt**.

Topline covered a wide scope of work for this project, including:

- Pick-up of cargo from 13 suppliers at 13 locations
- Purchase of 6 seaworthy containers
- Cargo consolidation into containers
- Pick-up of heavy lift cargo from suppliers to port alongside the ship
- Third party survey of the suppliers' premises during truck loading
- Third party survey during container loading
- Third party survey during ship loading
- Documentation and customs clearance for export

Topline are a well established logistics provider in China, having been granted NVOCC status in 2003. Topline offer the full spectrum of freight forwarding services with a particular niche in the project cargo market.

EZ LINK SUCCESSFULLY EXECUTE PROJECT WITH GEBRUDER WEISS

PCN Members **EZ Link** and **Gebruder Weiss** are glad to report their coordinated handling of cargo from Austria to Taiwan.

The cargo in question was received under ex-works in Austria, before being delivered to **Gangshan City** in Taiwan via **Kaohsiung Port**.

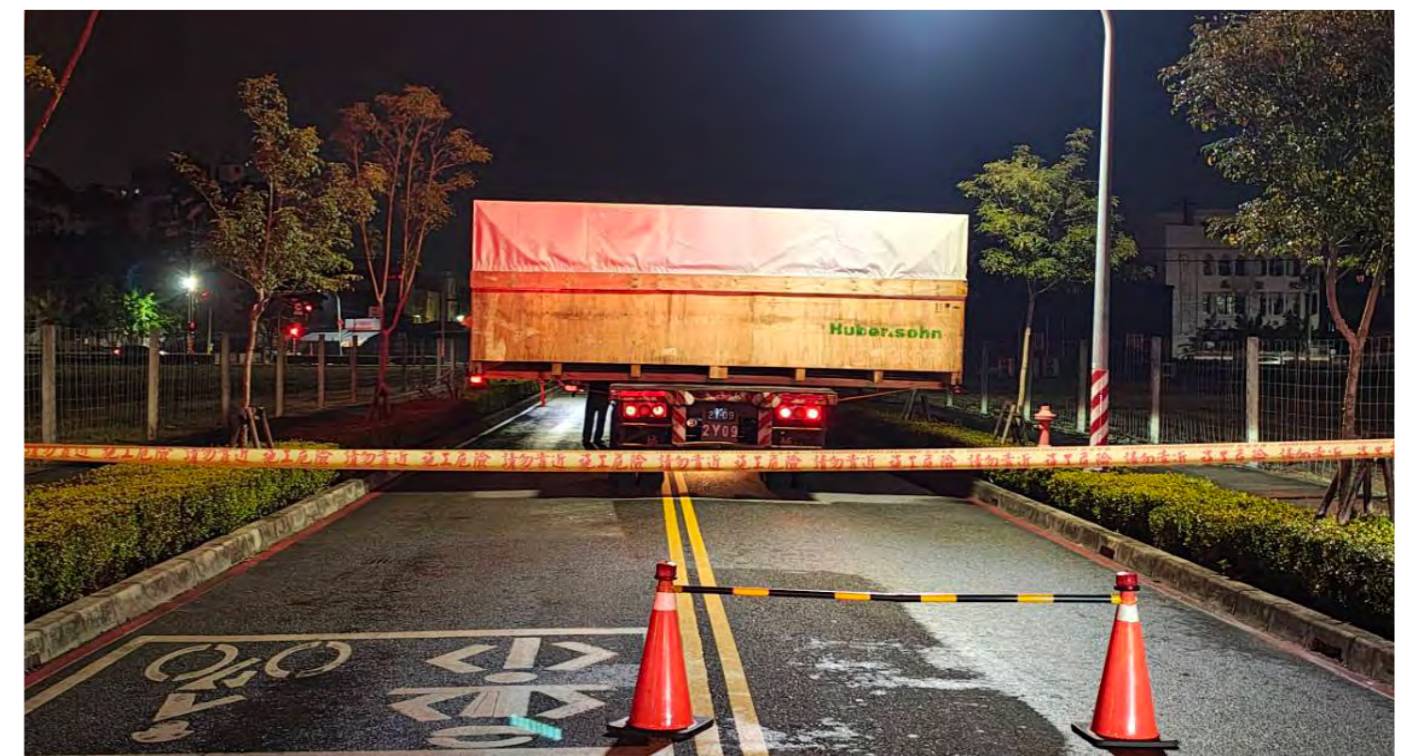

Gebruder Weiss performed their tailor-made service in choosing **three 40' HQ containers** for the cargo to be loaded at **Bremerhaven Port** in Germany, and four pieces of OOG cargo at **Antwerpen**.

Route surveys were conducted at both the loading on/off sites in advance, and arrangements for a specialised truck were made for loading the cargo onto a low bed trailer.

Road permits were required for the inland haulage portion of this project due to the cargo's width and height. Measurements can be found below:

- **5.66 (L) x 3.91 (W) x 3.57 (H) meters - 7,200 kg**
- **6.23 (L) x 5.64 (W) x 2.22 (H) meters - 6,490 kg**
- **3.86 (L) x 3.44 (W) x 4.41 (H) meters - 16,900 kg**
- **2.98 (L) x 2.51 (W) x 1.31 (H) meters - 13,400 kg**

As per feedback and the great cooperation between Gebruder Weiss and EZ Link, the clients in Austria & Taiwan were satisfied with a 'timely and reliable service.'

POLARIS PROJECTS CONCLUDES 2024 WITH REMARKABLE ACHIEVEMENTS

Polaris Projects, the specialised project division of **Polaris Shipping Agencies LLC, UAE**, celebrated a successful close to 2024 by completing several critical **time-sensitive shipments**.

A key highlight of the year was the Polaris Automotive Division's involvement in a **historic journey** inspired by Australian adventurer **Francis Birtles' legendary drive** from **London to Melbourne** nearly a century ago.

Daily Telegraph cartoonist **Warren Brown** and editor-at-large **Matthew Benns** embarked on an epic **24,000 km expedition** in their vintage Bean roadster to raise funds for the Royal Flying Doctor Service, a charity proudly supported by King Charles as its patron.

In the UAE, Polaris played a crucial role in ensuring the journey progressed seamlessly.

"Our dedicated team managed the traveller's entry at the UAE border from Saudi Arabia, facilitated all necessary formalities, including customs clearance, and supervised the containerisation and onward shipment of the Bean roadster and Ford dual-cab support vehicle to Singapore."

KGE DELIVER MULTIMODAL SHIPMENT OF KOMATSU MACHINERY

KGE are glad to share their recent work involving a multimodal project of **heavy Komatsu machinery** from the United Arab Emirates.

The brand new **Komatsu D275 Bulldozers** were received in the United Arab Emirates before being transported overseas to the **Far East**.

Each unit of machinery featured dimensions of **9.00 (L) x 2.75 (W) x 4.05 (H) meters**, with a weight of **42,500 kilograms** (plus **11,000 kilogram** blade).

For transportation purposes, the blade was removed and safely secured.

"Our expert team is committed to guiding clients through every step of the process."

KGE Global Logistics LLC is dedicated to offer comprehensive and professional consultation services for the procurement of heavy machinery across various industries, including construction, mining, and agriculture.

BALENA PROJECTS TRANSPORT HEAVY PRESS MACHINE TO NORTH AMERICA

Balena Projects are pleased to showcase one of their recent movements involving the transport of a heavy press machine.

This transport saw the machinery imported from the Far East to North America via the Great Lakes ports.

The project included chartering a vessel to transport 96 crates containing dismantled components of the press machine, including multiple heavy-lift pieces weighing up to 185,000 kg each.

Key highlights of the operation:

- **Two days of direct discharge:** Utilizing tandem cranes to lift six heavy pieces safely and efficiently.
- **Five days of inland transportation:** Delivering the equipment to the job site, where a 500-ton gantry crane was used for offloading.
- **Transloading onto an SPMT:** Required due to limited space at the assembly facility.
- **Final assembly:** A detailed process spanning two weeks to complete the reassembly of the press machine.

"This project demonstrates our capability to manage complex logistics, heavy-lift operations, and precise handling requirements, all while meeting tight schedules and overcoming operational constraints."

SPECIALIST PROJECT FREIGHT FORWARDING FROM BLUE BELL SHIPPING

Blue Bell Shipping are new members in the UAE and Bahrain in addition to their existing membership in Iraq. With wide-ranging project cargo expertise and impressive experience, the ISO certified company offer flexible solutions to complex challenges.

The Blue Bell team of project cargo specialists have had their success recognised for **two years in a row** at the world-renowned **HLPM Heavy Lift Awards** with the Airfreight Solution of the Year Award, overcoming many worthy competitors.

Commercial Manager, **Aditya Menon:** "Blue Bell Shipping was first established in Dubai in **1987** and has always maintained our slogan of **'small enough to care, big enough to perform'**. However, we have grown from a boutique project freight forwarder with UAE specialist knowledge to a serious, international project logistics player.

Having delivered **various prestigious projects in challenging areas**, the Blue Bell team is experienced in every aspect of project freight management. We also maintain excellent relationships and a well-earned reputation with EPCs, oilfield operators and OEMs working in the region."

"As a **specialist project freight forwarder**, Blue Bell Shipping focuses our services to suit the specific requirements of EPCs, oilfield operators, drilling companies and many more. By offering an in-house transport engineering department, vessel chartering desk, cargo surveys, lifting studies, logistics feasibility plans and other value added services, we have positioned ourselves as a leading logistics partner for large scale industrial projects in the region."

"Our team were delighted to welcome so many partners and clients at our Booth **(G44)** at **Breakbulk Middle East in Dubai**. Thanks to everyone who visited our stand!"

A currently ongoing EPC project has seen Blue Bell Shipping deliver over **150,000cbm** to South Iraq so far. A large proportion of the cargo has been heavy lift and OOG and has included multiple breakbulk vessel charters, hundreds of out-of-gauge flat-racks as well as standard containers and airfreight. Some photos in the gallery below showcase the movement of a few of the larger units through their partner, BBC Chartering. The 5 units each weighed around 179tns with dimensions of 36.00 x 5.00 x 5.39m.

Please also **click here** to view a project cargo track record from Blue Bell Shipping.

POLARIS PROJECTS TRANSPORT CONSTRUCTION EQUIPMENT TO JEBEL ALI

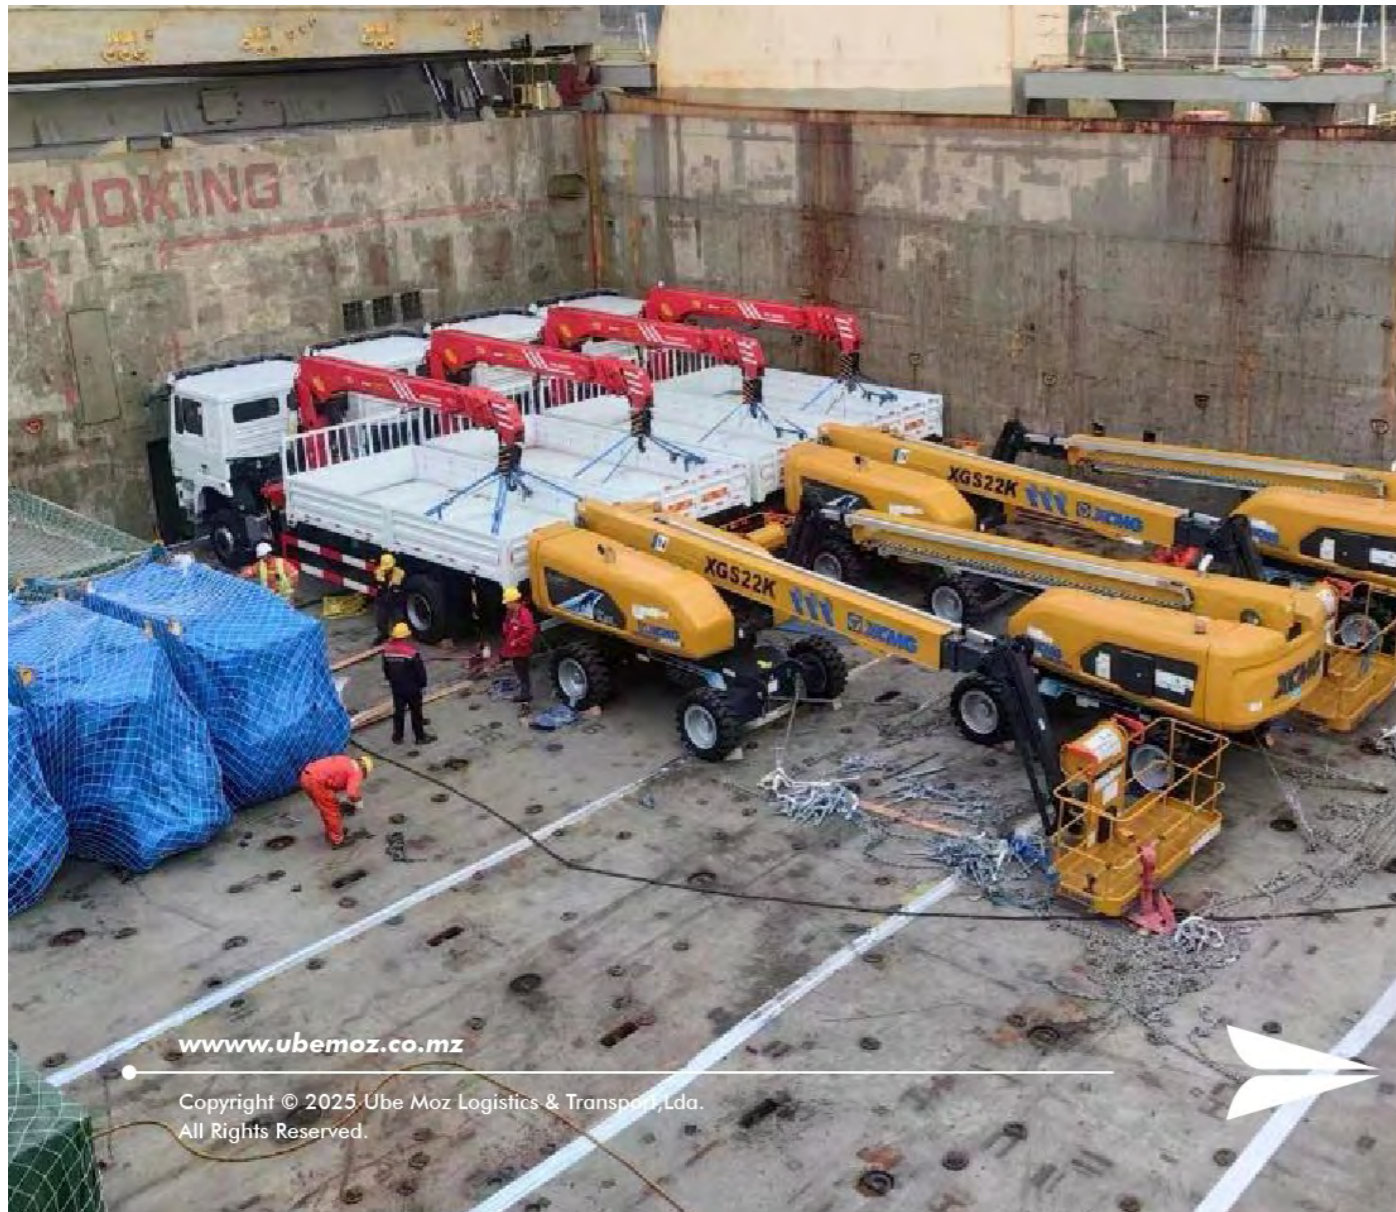

Polaris Projects have successfully completed a deal to handle the transportation of **construction equipment** from multiple origins to **Jebel Ali** for storage & distribution.

This project involved around **4,500 cbm** of used rock trucks, backhoes and pipelayers.

Polaris Projects covered a wide scope of work, including the following:

- Receiving the units on an FAS (Free Alongside Ship) basis at UAE ports
- Water wash cleaning
- Conducting quality checks
- Reassembling dismantled accessories
- Performing necessary repairs
- Additionally, Polaris managed all associated logistics activities.

"We facilitated physical inspections of the stored units for potential buyers. Once a sale is finalised, the units will be shipped to prospective buyers under Polaris' contract."

UBEMOZ LOGISTICS DELIVER FOR ELECTRICAL RESTRUCTURING PROJECT

Ubemoz Logistics, our members from Mozambique, are glad to share news of a government project they have been working on for the past three years involving electrical restructuring.

The company have moved **over three-hundred containers** which housed spare parts for transformers, cable rolls and other accessories on a yearly basis.

Additionally, Ubemoz Logistics transported **more than 1,000 tons** of transformers and machinery, as well as trucks for this restructuring project.

The Ubemoz team is headed by Mr. Ulices Mavimbe with a large experience in Mozambique logistics and transportation procedures, and a portfolio of varied and successfully completed projects.

MULTILOG ARE NOT AFRAID OF COMPLEX PROJECT CARGO CHALLENGES!

We are pleased to welcome **Multilog** as new members in **Poland**. They are certified by OSPTN and are professional and trustworthy specialists in oversized & heavy transport and complex project cargo.

Mateusz Łukaszewicz (Project Cargo Department Manager) introduces the company; "Offering comprehensive transport and logistics services, speed, professionalism and punctuality are the basis of our work. Transporting oversized cargo is our specialty along with all associated services including planning & studies, convoy escorts, dismantling road infrastructure, road & bridge expertise, and permits formalities."

"With our own fleet of heavy-duty trucks, and most importantly - **a team of experienced experts**, we are not afraid of challenges. Our clients and partners value us for our **excellent preparation and efficiency** in carrying out entrusted tasks."

"We own three transshipment yards in Gdynia and Gdansk as well as a bonded warehouse. Our logistics department offer transshipments for OOG containers

(40' flat-racks and open-tops) as well as standard 20' and 40' FT containers. We also offer our own custom agency and additional services such as building wooden cases, additional tilts for cargo, fumigation, heat-shrinkable foil and lashing certificates."

"We are constantly refining our skills to meet even the most unusual oversized projects, regardless of size or weight. We know that every job is unique and requires a customised approach. Our key priority is comprehensive planning, which is the foundation of a successful transport operation."

The knowledge and experience of the Multilog team encompass the transport of a wide range of large and heavy cargo including steel structures, tanks, industrial machinery, yachts & boats, military vehicles, agricultural equipment, modular homes, construction equipment, oil & gas cargo, manufacturing machines, automotive, power & energy, mining and pipes.

"You say Multilog - you think certainty!"

Please see the **gallery here** for pictures of some recent oversized transport and transshipment work handled by Multilog.

TIMELINE LOGISTICS COMPLETE OVERSIZED SHIPMENT IN PERU

TLS (Timeline Logistics Solutions) are pleased to share their successful operation involving oversized equipment from Asia to Peru.

The company handled machinery with a height of **nearly five meters**, delivering the cargo to an important client on-time despite facing obstacles such as an inland truckers strike.

TLS received the machinery at the **Port of Callao** on a 40' FR which arrived from **Asia**, with precise dimensions of **4.72 (H) x 4.00 (W) meters** and a weight of **19.3 tn**.

These awkward dimensions required the company to unload the cargo from its container, before re-loading and securing/lashing the cargo onto a special lowboy trailer.

Due to an **organised strike** by inland truckers at **Lima**, Timeline's machine operation team arrived late to terminal, causing a delay in delivery.

However, the cargo was successfully transported on-time across **600 kilometres**, leaving the client satisfied.

INTERFJORD TACKLE HIGH VOLUME OF SPECIAL TRANSPORTS IN EUROPE

Interfjord recently had the pleasure of taking on a challenging task – **33 special transports** which were successfully completed within **two months!**

The transports involved cargo with extreme dimensions, with the widest measuring **510 cm**, the tallest **630 cm**, the longest **38 meters**, and the heaviest weighing **97 tons**.

These cargoes were collected in **Spain, France, Poland, Romania, and Bosnia** and delivered to **Germany, Denmark, Norway, and the Netherlands**.

Thorough planning was essential; routes were analysed, and permits coordinated with local authorities.

Custom-designed trailers and advanced equipment ensured safe transport.

A complex transport **from Poland to Norway** required rerouting due to a bridge in **Sweden** but was delivered on-time.

All **33 transports** were delivered **on-time** and without damage.

The project's success was due to dedication and efficient collaboration. It underscored Interfjord's ability to deliver **world-class logistics solutions**.

"The project, led by Christoffer Søndergaard and Henrik Markussen, tested our expertise and teamwork."

COMARK TURN COMPLEX CHALLENGES INTO MANAGEABLE PROJECTS

We are pleased to report **Comark** are new members in **Slovenia, Croatia and Serbia**. The company started business in **1992** and hold ISO and AAA Platinum Excellence Certification. They come highly recommended by PCN members as **experienced project logistics specialists**.

"Comark is a reliable partner in project cargo & logistics and specialized in large, heavy, and difficult transport. With convincing knowledge, we take care of the quality implementation of the most complex projects."

The Comark team consists of dedicated professionals working from **Ljubljana, Rijeka and Belgrade**, each playing a vital role in our operations with expertise spanning project cargo shipping, oversized road transport, packing, route surveys, permits, escorts, and government & defence logistics. Despite the seriousness of our work, we thrive on camaraderie and

friendship, fostering a supportive environment where teamwork and laughter are paramount."

"Having celebrated our 30th anniversary in 2022, we are proud of our ability to ensure customised project solutions and high-quality out-of-gauge transportation based on knowledge and experience."

*"Offering a wide range of project cargo and OOG transport services, **we turn complex challenges into manageable projects**. Our departments work together to undertake project planning comprehensively and present the optimal solutions for every phase. In collaboration with our related company, **Paklog** - a seaworthy packaging specialist, we can offer comprehensive solutions for our client's cargo."*

"We look forward to connecting with PCN members and exploring new opportunities together!"

Please **click here** for some project references from Comark and **click here** for their company brochure.

REX CARGO FINALISE MULTIPLE PROJECTS ACROSS CENTRAL AMERICA

Rex Cargo are pleased to update us on a **multitude of projects** they recently completed from various locations across **Central America**.

Honduras

Rex Cargo completed deliveries for a project involving a pipeline that will connect the **San José reservoir** with filters, supplying drinking water to the homes of Kennedy & surrounding areas.

Municipal authorities indicated that this type of pipeline will be used for the first time in a dam in Honduras, where water will be supplied to some **350,000 inhabitants** of the capital city.

Costa Rica

For this project, the company transported a **belt loader** for Juan Santamaria and Daniel Oduber International Airports at Liberia Guanacaste.

Nicaragua

In Nicaragua, Rex Cargo moved a geared speed multiplier for the **Eolo Rivas** wind farm project, alongside its accessories.

El Salvador

Headers as well as a tank trailer were handled in the **Port of Santo Tomas de Castilla**, as well as its transfer by land to El Salvador.

This shipment originated from San Juan with a gross weight of **20.1 tons**.

Guatemala

Rex Cargo transported a refrigerated room from **France to Guatemala City**, requiring detailed planning in terms of logistics, heavy cargo management and customs compliance, all with the objective of guaranteeing the safe and timely delivery of the product.

BELOGG SHIPPING COMPLETE SHIPMENT FROM MUMBAI TO CHITTAGONG

Belogg Shipping in India are glad to announce the completion of a shipment they recently completed involving a **heavy furnace**.

From **Mumbai to Chittagong**, Belogg Shipping transported four packages with the heaviest unit weighing **77 mt**.

The company offered their client hydraulic transport **from site to port** and covered customs clearance at Mumbai.

Once loaded upon their designated vessel, the cargo travelled to **Chittagong** before being discharged on a barge and delivered at berth.

"Belogg Shipping is your trusted partner in seamless project shipping and logistics, providing a comprehensive suite of tailored solutions."

SEA CARGO LOGISTICS SKILFULLY NAVIGATE LOGISTICAL CHALLENGES

We are pleased to announce **Sea Cargo Logistics** are new members in **Mexico**. They come recommended by PCN members as a professional, attentive and experienced company. With 13 offices across Mexico, their commitment to quality and reliability is verified by numerous certifications including BASC, AMACARGA, IATA and ALACAT.

Sea Cargo Logistics offer a comprehensive span of project cargo services including ocean freight (breakbulk, RORO & special equipment), OOG inland freight, urgent air freight, ocean & air chartering, packing & unpacking, loading & unloading, project planning & studies, road surveys, dismantling & reassembly, customs clearance and warehousing.

Project Cargo Director, **Santiago Vasquez** says; "At Sea Cargo Logistics (SCL), our team of specialists offer a first-class service in project cargo, sea freight, road freight, and air freight. We skilfully navigate the logistical challenges of each project by **designing specific, practical and innovative solutions**.

Highly complex projects are our specialty and our multicultural team of professionals are experts in international logistics and the efficient transportation of oversized, heavy, irregularly shaped and sensitive cargo.

We have years of experience in handling and transporting project cargo with logistic solutions tailored to key industries. This extensive experience supports us in supervising every detail with a **smart and meticulous project planning process** from the preliminary stages."

Previous projects handled by SCL cover a wide range of industries including automotive, industrial plants, construction, power & energy, retail, mining, infrastructure and manufacturing.

Please **click here** to download the SCL company presentation featuring many recent projects.

PROJECT CARGO & BREAKBULK SPECIALISTS WITH NAVI-GATE

We are pleased to introduce **Navi-Gate** as new members in **Belgium**. With offices in Antwerp and Zeebrugge, the company are registered with numerous national associations.

They are specialists in handling breakbulk and project cargo and creating effective solutions for difficult challenges. Their scope of end-to-end solutions also includes many additional services.

Peter Van Dael (Managing Director) says; "Established in 2012, we are a family-owned company and have remained committed to our guiding principles that define the essence of Navi-Gate - **reliability, knowledge, honesty, and a personalized service**.

Navi-Gate are dedicated to providing comprehensive forwarding solutions with a specific focus on project cargo and breakbulk."

"With our **technical expertise and industry knowledge**, we ensure the smooth and efficient transportation of project cargo, tailored to meet unique requirements. Whether the cargo is oversized, heavy, or complex, we have the experience and resources to handle it with the utmost care and precision.

With years of experience in the industry, we have successfully managed a wide range of project cargo and breakbulk shipments. Our team understands the challenges involved and provide **creative solutions**."

Please **click here** to view details of some recent projects handled by Navi-Gate.

INNOVATIVE AND RAPID SOLUTIONS FROM MAXLOG

Maxlog are new members in **Turkiye!** Focused on project cargo solutions, their services cover sea, land, rail, air, and intermodal.

Mr. Cihan Kose introduces the company; *"Maxlog provide high quality services and offer innovative and rapid solutions to logistical needs."*

*"Project cargo shipments are the main scope of our company handled by our **experienced and professional team**. Regardless of the cargo's dimensions, weight or type, we carefully plan all operational processes, arrangements, precautions, lashing & securing, and permits with special studies to ensure **efficient and timely handling**."*

"Handling project cargo shipments at all Turkish ports, we maintain close communications and relationships with shipowners, agencies and ports."

Some recent projects reliably handled by Maxlog are outlined below.

- A **trafo** shipment (plus accessories) weighing 171tn with dimensions of 8.50 x 3.65 x 4.80m.

The trafo was loaded onto a 12-axle hydraulic trailer and moved by Maxlog from the factory in Gebze to Derince Port where they arranged port operations and loading to the vessel before shipping to North Europe.

- A total of **36 large pipes** each measuring 16m long with diameters of 1.2m and weighing 8tn. The shipment was loaded on time onto a chartered vessel at Iskenderun Port and shipped to Greece. All operations were handled by the Maxlog team including pre-carriage, loading, lashing and chartering.
- Storage tanks with various sizes and weights loaded onto a project cargo vessel at Iskenderun Port. Maxlog were responsible for the port operations and loading onto the vessel with complete lashing and securing.
- A transit shipment of a Schlumberger trailer transported from Kazakhstan with a tow trailer and shipped to Saudi Arabia by RORO vessel. The transit clearance was done urgently with very limited time until the vessel cut off. The Maxlog Port Team were at the port at all stages during arrival and shipping.

BESPOKE PROJECT CARGO SOLUTIONS AT FLEET LINE SHIPPING SERVICES

We are pleased to report **Fleet Line Shipping Services** are new members in the **UAE**. They are recommended by PCN members as a valuable project forwarder and reliable experts in complex project logistics. The company are certified with ISO, OHSAS, HSE, NAFL, FIATA and IATA.

Managing Director, **Peter K Mathew** says; "With a legacy spanning **20 years**, Fleet Line Shipping Services (FLS) is an award-winning freight forwarding company headquartered in Dubai, providing end-to-end logistics solutions. We combine **local expertise with international standards** to provide the highest levels of satisfaction.

Our main focus is the handling of project cargo, OOG, breakbulk, heavy lift and RORO as well as multimodal transportation, industrial packing & lashing, special equipment, project planning & management, surveys, loading & unloading, customs clearance & documentation, warehousing, onsite logistics and many other additional services."

"Our team of **experienced professionals** offer bespoke solutions for complex logistics challenges with **speed, accuracy and assurance**."

"As experts in project management, we have successfully completed numerous projects and our specialized services in handling project cargo are tailored to meet the demands of the thriving construction, energy, and oil and gas sectors in the MENA region. Our in-depth understanding and proficiency in managing project and heavy lift cargo as per unique requirements have secured our spot as a market leader for project logistics in the UAE."

MEGAGON DELIVER COMPLETE PROJECT LOGISTICS SOLUTIONS

We are pleased to approve membership for **Megagon Project Solutions** in **Türkiye** and **Georgia** in addition to their existing membership in the **Netherlands**. The company are proven experts in project cargo and heavy lift handling as well as thorough additional services.

"We handle every project with dedication and flexibility by creating the most **effective and innovative transport solutions**."

"Megagon Project Solutions consists of four main segments: Project Solutions, Engineering Solutions, Chartering Solutions, and Heavy Haulage Solutions.

- Our **Project** division is dedicated to finding the most effective transport methods. We understand that each project comes with its own unique set of challenges and we offer seamless transportation services for OOG, heavy lift and breakbulk cargo.
- Our **Engineering** division focuses on calculating possibilities and risks for planned transport projects. We pride ourselves on delivering comprehensive cargo stowage and risk management solutions. Our team of seasoned professionals leverage advanced techniques to ensure the safe and efficient transport of even the most challenging cargo and complex logistical requirements.
- Our **Chartering** division is responsible for identifying the most suitable vessels for each project's needs. Our strong industry relationships and ability to handle flexible cargo combinations allow us to provide comprehensive and tailored chartering solutions.
- Our **Heavy Haulage** division is responsible for the movement of oversized and overweight cargo using specialized equipment. For comprehensive and seamless transportation solutions across Europe, Turkey, and the CIS region, we have a fleet of specialized vehicles and a team of experienced professionals to ensure safe and efficient deliveries. Our services include complete permit and pilot car arrangements, as well as meticulous route surveys. From initial planning to final delivery, we handle every aspect of heavy haulage with the utmost care and attention to detail."

"By integrating these four core segments, Megagon Project Solutions is able to deliver **complete project logistics services** that address the diverse needs of global clientele. This holistic approach enables us to provide end-to-end solutions that maximize value, minimize risk, and exceed expectations."

Two recent projects handled reliably by Megagon Project Solutions are pictured in the gallery [here](#).

- A 110tn **transformer plus accessories** from Balikesir in Türkiye to Klaipeda, Lithuania. The total shipment consisted of 25 units with a volume of 198cbm and weight of 126tn. Megagon collected the cargo and transported to the port before shipping to Lithuania.
- **Various drilling machines** from Türkiye to the CIS. Megagon's operations included unloading and loading, storage, RORO service and delivery.

EXG OPTIMISE TRANSPORT OF OVERSIZED COLD BOXES

Express Global Logistics (EXG) have successfully executed a complex logistics project, delivering **heavy lift cold boxes** and associated accessories.

The project revolved around the transportation of **9 packages**, featuring four oversized cold boxes with remarkable dimensions of **33.5 (H) x 4.95 (W) x 4.00 (L) meters**.

With a total gross weight of **390 MT** and a volume of **2,500 FRT**, the operation demanded precise and specialised handling.

The cargo's journey began at an **eastern Chinese port**, traversing international waters before reaching **western India**.

From there, the shipment embarked on an extensive **1,500 kilometer** inland journey to its final destination in the **northern part of India**.

To ensure the **safe & efficient transportation** of their cargo, EXG mobilised an impressive fleet of specialised equipment:

- 3 mechanical trailers
- 40 hydraulic axles
- 3 spacers
- 4 pullers

EXG coordinated **extensive civil works**, including the expansion of toll plaza passages and the modification of sharp turns to accommodate the oversized loads.

On top of this, the company secured all necessary permits and **arranged police escorts** across various jurisdictions.

"This successful project delivery reinforces EXG's position as a leader in complex logistics solutions."

3PL & KGE BALTIC COORDINATE ON BOILER SHIPMENT FOR UK PROJECT

This February, **PCN Members KGE Baltic** and **3p Logistics** transported several boilers from **Lithuania** to the **United Kingdom** for a new project.

Construction on the replacement **Energy Recovery Facility (ERF)** at **Edmonton EcoPark** began in early 2022, and is progressing with a good level of productivity on site.

The substantial first phase of the civil construction works is now **nearing completion**.

The workforce carrying out the activities covered by the **National Agreement for the Engineering Construction Industry (NAECI)** is currently delivering the structural steelwork for the boiler, flue gas treatment area and access platforms.

This project ([click here](#) for more details) is **North London Waste Authority's ambitious plan** to redevelop the over 50-year-old Edmonton EcoPark, delivering a **new sustainable waste hub** to replace the existing energy from waste plant and provide flagship recycling facilities for north London's residents.

Ilya Goncharov, Head of Industrial Projects at 3PL was responsible for this shipment.

"3PL is a strong logistics partner to-and-from the United Kingdom, because we have enough resources and time to check 5-10 of our suppliers to find the best solutions amongst high-qualified heavy haulers."

HACKLIN LOGISTICS JOIN NORDIC CHARTERING AS SHAREHOLDER

Oy Hacklin Ltd expands its scope of business in the logistics sector with the acquisition of a considerable stake in the Finnish short sea operator Oy Nordic Chartering Ab.

Hacklin is a family-owned company established in Port of Pori, Finland back in 1908.

Since then, the Hacklin Group has grown into a global service provider offering versatile freight forwarding and logistics services.

In the past Hacklin has also been a shipowner, investing in its first vessel already over 100 years ago.

Hacklin joining as a shareholder in Nordic Chartering will build a strong foundation for future vessel investments. The companies are working in different logistics sectors and will continue working under their own brand.

Nordic Chartering is a privately owned Finnish short sea operator established in 2003.

All vessels are ice classed to secure operations all year round between the Baltic Sea and Western Europe.

Nordic Chartering is specialised in part cargo operations, and together with its strategic partners, part cargoes can be loaded in the Baltic Sea and enroute to Western Europe and the Mediterranean.

15TH CELEBRATION & CONFERENCE

Our first ever gathering was held in London and 15 years later we are back ... with a bang! Book now so your place is secured.

Our event will be held from 26-28 October 2025 at the Park Plaza Victoria Hotel. Perfectly located in the centre of London with Westminster, Buckingham Palace, top musicals and great restaurants all just a 10-minute walk away.

LONDON HIGHLIGHTS COACH TOUR

London boasts a rich history stretching back over 2,000 years, making it one of the most exciting cities on earth. Join this optional tour and you'll see the major sites, a few hidden treasures with time for photos at your favourites. Our expert guides will bring the city's history to life, sharing stories and fascinating insights along the way.

WELCOME GAMES & DINNER NIGHT

Dive into an evening of entertainment with Roulette, Blackjack and Wheel of Fortune, Shuffleboard tables, a Magic Mirror, and two incredibly skilled character artists. Plus, an open bar and a delicious 3-course plated dinner — no queuing in line at a buffet!

DINNER AT THE SHAKESPEARE GLOBE

Hop on the coach to enjoy the dazzling London lights on our way to indulge in a fantastic feast at the Underglobe located at the iconic Shakespeare's Globe, on the banks of the Thames. Get ready for a very special evening!

FAREWELL EVENING AT AN ENGLISH PUB

We're wrapping up our event with a night out at The Hawk's Nest, a fab London hangout in the heart of Shepherd's Bush. Indulge in delicious sourdough pizzas, fresh baked donuts alongside an array of cocktails, wine, beer and spirits. The highlight of the evening will be a lively pub quiz.

Registration Fee £850. Book your place today!
